Equipment Information:

(All audio can be heard through the courtroom sound system. All video content is displayed on the large projector screen, LED/LCD monitors and flat screen TVs)

Digital audio recording	Record hearings/meetings. Final audio can be downloaded onto a laptop or thumb drive. Audio can also be saved to a CD or DVD.
Audio teleconferencing	Calls can be heard through the audio system in the courtrooms. <i>Ideal for: Conferencing in parties physically unable to attend a meeting/hearing</i>
Wireless hearing assistance headsets	Headsets for those hard of hearing.
Document camera	Display hard copies of documents, one page at a time. Very easy to use. <i>Ideal for: Displaying a hard copy of a document (separate pages) or photos</i>
Blu-ray player	Displays visual content on DVDs and plays audio CDs.
DVD/VCR video player	Displays visual content on DVDs, VHS tapes, and plays audio CDs.
PointMaker	Graphic pen & pad. Electronically illustrate, draw, or highlight displayed content.
Video Printer	Print a snapshot of any content displayed in current view. Use sparingly.
HDMI/VGA laptop connections	View or listen to any content from a laptop. You must use your own personal laptop. SCC laptops are for employee use only.
