 (SMALL GROUP)

NOTICE: A health insurance product form filing submission must include: (i) a product-specific checklist, and (ii) a mental health and substance use disorder benefits parity checklist. Each required checklist must be completed in its entirety. The failure to submit a complete checklist will result in a delay of the review of the submission and may result in the rejection of the filing.

This document is intended to assist carriers in preparing form filings for approval by the Bureau of Insurance. It provides guidance based on current Virginia laws and regulations. It should be noted, however, that this checklist should not be used exclusive of other important resources, including, but not limited to, any and all other applicable state insurance laws and associated rules and regulations. It is the responsibility of the carriers to verify that their products and plans comply with all relevant statutory and regulatory requirements. Note that some regulatory references in the comments column are approximate. Please review the applicable citation for the full text of the requirement.

The Forms and Rates Section of the Life and Health Division will review submissions based on the requirements noted in this checklist. Please contact this Section at (804) 371-9532 if you have questions or need additional information about these requirements.
