Richmond, Virginia 23219

**Virginia Electric and Power Company
Report to the State Corporation Commission of Virginia
on Fuel Mix and Emissions Data for 2020**

Dear Mr. Logan:

Enclosed for filing is Dominion Energy Virginia's Report to the State Corporation Commission of Virginia on Fuel Mix and Emissions Data for 2020. This report is required by the Rules Governing Retail Access to Competitive Energy Services (20 VAC 5-312-10 et seq.) adopted originally by the Commission's Final Order entered on June 19, 2001, in Case No. PUE-2001-00013, and as revised by the Commission's Final Order on November 26, 2008 in Case No. PUE-2008-00061.

Very truly yours,

/s/ Paul E. Pfeffer

Paul E. Pfeffer

**VIRGINIA ELECTRIC AND POWER COMPANY
REPORT TO THE STATE CORPORATION COMMISSION OF VIRGINIA
ON FUEL MIX AND EMISSIONS DATA FOR 2020**

Virginia Electric and Power Company (“Dominion Energy Virginia” or the “Company”) is an incumbent electric utility, as that term is used in the Virginia Electric Utility Restructuring Act, Va. Code §§ 56-576 to 56-596. Additionally, Dominion Energy Virginia is a local distribution company and, in 2020, was a provider of electricity supply service as defined by the Rules Governing Retail Access to Competitive Energy Services, 20 VAC 5-312-10 *et seq.*

By Final Order entered in Case No. PUE-2001-0013 on June 19, 2001, the State Corporation Commission of Virginia (“Commission”) adopted the Rules Governing Retail Access to Competitive Energy Services, 20 VAC 5-312-10 *et seq.* (the “Retail Access Rules”). On November 26, 2008, by Final Order in Case No. PUE-2008-00061, the Commission adopted revised Rules Governing Retail Access to Competitive Energy Services. Retail Access Rule 20 VAC 5-312-20(O) provides:

By March 31 of each year, the provider of electricity supply service shall report to its customers and file a report with the State Corporation Commission stating to the extent feasible, fuel mix and emissions data for the prior calendar year. If such data is unavailable, the provider of electricity supply service shall file a report with the State Corporation Commission stating why it is not feasible to submit any portion of such data.

Attached to this Report is a sample electric service bill showing the message that is appearing on the Company’s Virginia Jurisdictional customer bills.

The bill message provides information on Dominion Energy Virginia's mixture of fuels used to generate electricity during 2020. The information is provided by percentage of total generation for coal, nuclear, natural gas, purchased power, renewables, oil, and Bath/Hydro. In addition, the bill message provides the Company's 2020 total direct emissions data, in tons per megawatt-hour generated, for sulfur dioxide and nitrogen oxides.
