*Petition of Virginia Electric and Power Company for approval of a rate adjustment clause,
 designated Rider RGGI, under § 56-585.1 A 5 e of the Code of Virginia*
Case No. PUR-2021-00281

Dear Mr. Logan:

On December 6, 2021, Virginia Electric and Power Company (“Dominion Energy Virginia” or the “Company”) filed with the State Corporation Commission of Virginia (“Commission”) an annual update of the Company’s rate adjustment clause, Rider RGGI, pursuant to § 56-585.1 A 5 e of the Code of Virginia (the “Petition”). On January 10, 2022, the Company filed a Motion to Withdraw Application, in which the Company requested to withdraw its Petition without prejudice.

On April 1, 2022, the Commission issued an Order Granting Motion (“Order”). Ordering Paragraph (3) of the Order provided as follows:

On or about July 1, 2022, the Company shall file a status update on Rider RGGI, including the following: the then current under-/over-recovery position; the projected under-/over-recovery position as of December 31, 2022 and October 31, 2023; and shall include any motion to continue the currently-approved Rider RGGI subject to further review and true-up in the update proceeding ordered below.

On May 5, 2022—after the Commission issued the Order—in a separate docket, the Company petitioned the Commission to suspend Rider RGGI effective July 1, 2022 (“Petition to Suspend”).¹ On June 15, 2022, the Commission granted that petition and ordered that “RGGI compliance costs that are incurred up through July 31, 2022 . . . and which have not been

¹ *Petition of Virginia Electric and Power Company For authority to suspend a rate adjustment clause, designated Rider RGGI, under § 56-595.1 A 5 e of the Code of Virginia, and for alternate recovery mechanism of certain compliance costs*, Case No. PUR-2022-00070, Petition for Suspension of Rider RGGI and for Alternate Recovery Mechanism of Certain Compliance Costs (May 5, 2022).

Mr. Bernard Logan, Clerk

recovered prior to the suspension of the Rider, may be recovered through the utility's base rates for generation services in effect during the period incurred."²

Consistent with the Commission's ruling granting the Petition to Suspend, Rider RGGI costs through July 31, 2022 are now being recovered through the Company's base rates for generation services, and as such, there is no current or projected over- or under-recovery for Rider RGGI, which has now been suspended and reset to \$0.00/kWh, effective today. The Company requests that the Commission accept this letter in satisfaction of the directive contained in Ordering Paragraph (3) of its Order in Case No. PUR-2021-00281.

Please do not hesitate to contact me if you have any questions in regard to the enclosed.

Highest regards,

/s/ Elaine S. Ryan
