ADMINISTRATIVE ORDER NO. 12048

In accordance with Administrative Order No. 12048 (Order), the following important information, implementation dates and requirements should be noted.

While the majority of the currently approved coverage forms and endorsements will be withdrawn as standard forms, they will remain approved as the coverage forms and endorsements comprising ISO's 2010 Commercial Automobile Program as approved in Virginia. ISO has provided a Grant of Permission to allow insurers, whether affiliated with ISO or not, to use these coverage forms and endorsements without violating the ISO copyright until March 1, 2019. Upon termination of the Grant of Permission, use of the copyrighted coverage forms and endorsements shall only be allowed with the express permission of ISO and with the standard ISO copyright notice displayed.

The following implementation dates and requirements are pertinent:

- (1) Effective March 1, 2018 the coverage forms and endorsements listed in Exhibit A of the Order are withdrawn as standard forms.
- (2) Effective March 1, 2018 the coverage forms and endorsements identified in Exhibit A that are withdrawn as standard forms are considered approved ISO commercial automobile coverage forms and endorsements.
- (3) Effective March 1, 2018 all insurers are allowed to use the approved ISO commercial automobile coverage forms and endorsements, whether affiliated with ISO or not, until March 1, 2019 when the Grant of Permission terminates such authority.
- (4) On or after March 1, 2019 insurers not affiliated with ISO are required to have filed and approved forms with the Bureau or affiliate with a rate service organization who has filed and approved forms on the insurer's behalf.
