The Registrant's initial registration statement, prepared in the format of Form B, shall be filed with the Commission within 15 days after the Registrant becomes subject to registration under § 38.2-1329 of the Code of Virginia. Annually thereafter by April 30 of each year, but dated as of the end of the previous calendar year, the Registrant shall file a completely restated up-to-date registration statement in the format designated on Form B, with amendments consolidated therein. Disclosures which may be filed in the format of Form A, D, E or G shall be filed in such formats. If the Commission's approval of the transaction is required by the Act, the registrant shall provide a certification or affirmation stating that consummation of the transaction was made pursuant to the terms and agreements approved by the Commission. Such certification or affirmation shall be made within 15 days after the end of the month in which the transaction was consummated. All other amendments shall be filed in the format required by Form B, provided that all such amendments, and any confirmation certification, shall include a cover which commences: "Amendment No. to" and shall indicate as its "Date," the date of the amendment and not the date of the original filing.

(2) Information required by and filed in the format of Form B shall receive confidential treatment pursuant to § 38.2-1333 of the Code of Virginia. The Registrant may request in writing that specific documents incorporated by reference, including any exhibits attached to and filed with the Form B statement, similarly receive confidential treatment.

II. Preparation of Statement. This form is not to be used as a blank form to be filled in, but only as a guide in the preparation of the statement. The statement shall contain the numbers and captions of all items, but the text of the items may be omitted provided the answers thereto are prepared in such a manner as to indicate clearly the scope and coverage of the items. All instructions, whether appearing under the items of the form or elsewhere therein, are to be omitted. Unless expressly provided otherwise, if any item is inapplicable or the answer thereto is in the negative, an appropriate statement to that effect shall be made.

III. Number of Copies; Signatures.

(1) The original and one hardcopy of each statement, including exhibits and all other documents filed as a part thereof, shall be filed with the Commission by personal delivery or mail addressed to: State Corporation Commission, Bureau of Insurance, ATTN: Financial Regulation Division, P.O. Box 1157, Richmond, VA 23218 (Tyler Building - 6th Floor, 1300 East Main Street, 23219). An electronic copy may be filed in lieu of the hardcopy in a manner determined by the Commission.

(2) At least one copy of each statement filed with the Commission shall be manually signed in the manner prescribed by this form. Unsigned copies shall be conformed.

(3) If the signature of any person is affixed pursuant to a power of attorney or other similar authority, a copy of such power of attorney or other authority shall also be filed with the statement.

IV. Requirements as to Printing and Language.

(1) Statements should be prepared electronically in PDF format. Hardcopy statements should be prepared on paper 8 1/2"x11" in size and preferably bound at the top or the top left-hand corner. All pages should be sequentially numbered. Exhibits and financial statements, unless specifically prepared for the filing, may be submitted in their original size.

(2) All copies of any filed statements, exhibits or documents shall be clear, easily readable and suitable for review and reproduction. Debits in credit categories and credits in debit categories shall be designated so as to be clearly distinguishable as such on reproduced copies.

(3) Statements shall be in the English language and monetary values shall be stated in United States currency. If any exhibit or other document filed with the statement is in a foreign language, it shall be accompanied by a translation into the English language and any monetary value shown in a foreign currency normally shall be converted into United States currency.

(4) Any amendments to the application that include the refiling of original documents in their entirety shall be "red-lined" or otherwise marked to reflect all changes made by the amendment.

V. Additional Information and Exhibits.

(1) In addition to the information expressly required to be included in the statement there shall be added such further material information, if any, as may be necessary to make the information contained therein not misleading.

(2) The Registrant may file such exhibits as it may desire in addition to those expressly required by the statement. Such exhibits shall be so marked as to indicate clearly the subject matters to which they refer.

VI. Information Unknown or Not Available. Information required need be given only insofar as it is known or reasonably available to the Registrant. If any required information is unknown and not reasonably available to the person filing, either because the obtaining thereof would involve unreasonable effort or expense, or because it rests peculiarly within the knowledge of another person not affiliated with the Registrant, the information may be omitted, subject to the following conditions:

(1) The Registrant shall give such information on the subject as it possesses or can acquire without unreasonable effort or expense, together with the sources thereof; and

(2) The Registrant shall include a statement either showing that unreasonable effort or expense would be involved or indicating the absence of any affiliation with the person within whose knowledge the information rests and stating the result of a request made to such person for the information.

VII. Incorporation by Reference.

(1) Information required by any item of this statement may be incorporated by reference in answer or partial answer to any other item.

(2) Information contained in a statement filed pursuant to the Securities Act of 1933, the Securities Exchange Act of 1934 or disclosure and information contained in any financial statement, annual report, proxy statement, any other document filed with a governmental authority, or any other document may be incorporated by reference in answer or partial answer to any item of this statement, provided such information substantially satisfies the requirements of this statement and copies of all documents containing such information are attached as exhibits to this statement. Excerpts of documents may be filed as exhibits if the documents are extensive.

(3) Material incorporated by reference shall be clearly identified in the reference. An express statement that the specified matter is incorporated by reference shall be made at the particular place in the application where the information is required. Matter shall not be incorporated by reference in any case where such incorporation would render the statement incomplete, unclear or confusing.

(4) Documents incorporated by reference which are currently on file with the Commission, and which were filed within three years, need not be attached as exhibits unless the Commission specifically requests otherwise. Please include the original date of filing with the Commission. References to information contained in exhibits or in documents already on file shall clearly identify the material and shall specifically indicate that such material is to be incorporated by reference in answer to the item. The Commission may at any time in its discretion require the filing of copies of any omitted documents.

VIII. Summaries or Outlines of Documents. Where an item requires a summary or outline of the provisions of any document, only a brief statement shall be made as to the pertinent provisions of the document. In addition to such statement, the summary or outline may

incorporate by reference particular parts of any exhibit or document currently on file with the Commission, which was filed within three years, and may be qualified in its entirety by such reference. Please include the original date of filing with the Commission.

IX. Omission of Substantially Identical Documents. In any case where two or more documents required to be filed as exhibits are substantially identical in all material respects except as to the parties thereto, the dates of execution, or other details, the person filing need file a copy of only one of such documents with a schedule identifying the omitted documents and setting forth the material details in which cited documents differ from filed documents. The Commission may at any time in its discretion require the filing of copies of any omitted documents.

X. Extension of Time for Furnishing Information. If it is impractical to furnish any required information, document or report at the time it is required to be filed, the Registrant may file with the Commission as a separate document an application (i) identifying the information, document or report in question, (ii) stating why the filing thereof at the time required is impractical, and (iii) requesting an extension of time for filing the information, document or report to a specified date. The request for extension shall be deemed granted unless the Commission, within 30 days after receipt thereof enters an order denying the request.

Such financial statements may be prepared on either an individual basis, or, unless the Commission otherwise requires, on a consolidated basis if such consolidated statements are prepared in the usual course of business.

Other than with respect to the foregoing, such financial statement shall be filed in a standard form and format adopted by the NAIC, unless an alternative form is accepted by the Commission. Documentation and financial statements filed with the Securities and Exchange Commission or audited GAAP financial statements shall be deemed to be an appropriate form and format.

If the ultimate controlling person is an insurer which is actively engaged in the business of insurance, the annual financial statements need not be certified, provided they are based on the Annual Statement of the insurer's domiciliary state and are in accordance with requirements of insurance or other accounting principles prescribed or permitted under the law and regulations of such state.

Any ultimate controlling person who is an individual may file personal financial statements that are reviewed rather than audited by an independent public accountant. The review shall be conducted in accordance with standards for review of personal financial statements published in the *Personal Financial Statements Guide* by the American Institute of Certified Public Accountants. Personal financial statements shall be accompanied by the independent public accountant's Standard Review Report stating that the accountant is not aware of any material modifications that should be made to the financial statements in order for the statements to be in conformity with generally accepted accounting principles.

(c) Exhibits shall include:

- i. The most recent annual report to shareholders of the ultimate controlling person;
- ii. The latest proxy material used by the ultimate controlling person;
