APPLICATION OF
KENTUCKY UTILITIES COMPANY
d/b/a OLD DOMINION POWER COMPANY

For an adjustment of electric base rates

ORDER FOR NOTICE AND HEARING

On August 31, 2021, Kentucky Utilities Company d/b/a Old Dominion Power Company ("KU/ODP" or "Company") filed an application ("Application") with the State Corporation Commission ("Commission") requesting authority to adjust its electric base rates pursuant to Chapter 10 of Title 56 of the Code of Virginia ("Code")1 and the Commission's Rules Governing Utility Rate Applications and Annual Informational Filings of Investor-Owned Electric Utilities.2

KU/ODP seeks an increase in base rates to produce an increase in revenues in the amount of approximately $12.2 million, which is an 18.1% increase in its total operating revenues, including fuel.3 The Company indicates that this rate request is based on a 10.40% return on common equity.4 Additionally, KU/ODP proposes to increase its basic service charge for residential service.5 Specifically, for residential customers, the Company proposes a basic

service charge of $15.00 per month.\textsuperscript{6} This represents a $3.00 increase to the Company's current $12.00 basic service charge for residential service.\textsuperscript{7}

If KU/ODP's proposed rate increase is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to the Company, the proposed increase would raise the monthly bill of a residential customer using 1,000 kilowatt hours per month by $24.20, from $123.28 to $147.48, an increase of 19.63\%.\textsuperscript{8} KU/ODP proposes an effective date of October 1, 2021, for the increase with the expectation that the Commission will suspend enforcement of the proposed rates, rules, and regulations until the Commission's final order is entered in this proceeding, pursuant to Code § 56-238.\textsuperscript{9}

According to the Application, KU/ODP plans on deploying Advanced Metering Infrastructure ("AMI") in its Virginia service territory.\textsuperscript{10} The Company states that the capital investment required for full AMI deployment in Virginia is less than $8 million.\textsuperscript{11} The Company further represents that full deployment of AMI in Virginia is the most cost-effective solution for reading meters, saving KU/ODP customers nearly $5 million.\textsuperscript{12} KU/ODP states that the cost of the AMI plans will not have any effect on customer bills as a result of this case.\textsuperscript{13} The Company

also states that in its first base rate application following the completion of its Virginia AMI deployment, it will include optional time-of-day rates for residential and general service customers to help customers maximize their savings opportunities.14 The Company states that customers electing to opt out of having an AMI meter installed, or to have it removed if already installed, will pay a set-up charge of $33.00 and a recurring monthly charge of $14.00 related to ongoing costs of opt-outs, including meter reading costs.15 KU/ODP requests the Commission issue a declaratory order that a certificate of public convenience and necessity is not required under Virginia law for the Company's planned AMI project; or in the alternative, if the Commission determines that a certificate is required, then the Company requests the Commission grant a certificate of public convenience and necessity for the proposed AMI deployment.16

Additionally, KU/ODP proposes a demand-side management and energy efficiency ("DSM") pilot program in this case.17 The Company states that if, in this case, the Commission approves its proposed process to implement a DSM pilot program, KU/ODP will proceed with the evaluation and design of DSM programs and then request implementation of the programs and a cost-recovery rider in a separate filing.18 KU/ODP states that the implementation filing will include the proposed programs, the evaluation of their cost-effectiveness, the cost of the

proposed programs to be recovered in the rider, and the implementation and billing of the rider.\textsuperscript{19} The Company proposes, as part of the pilot program, to reduce its annual energy jurisdictional retail sales by 0.02 percent beginning in 2024.\textsuperscript{20} KU/ODP requests that the Commission issue a declaratory order finding that KU/ODP's proposed DSM pilot program satisfies KU/ODP's requirement under Code § 56-596.2.\textsuperscript{21}

The Application also includes proposed revisions to the Company's tariffs, including revisions to Private Outdoor Lighting Service (Rate P.O.L.T.); the Disconnecting and Reconnecting Service Charge; the Meter Pulse Charge; Standard Rate Rider NMS, Net Metering Service; Standard Rate Rider TS, Temporary/Seasonal Service; Standard Rate Rider GT, Green Tariff; Standard Rate Rider EDR, Economic Development Rider; and the Company's Terms and Conditions of Service.\textsuperscript{22}

NOW THE COMMISSION, upon consideration of this matter, is of the opinion and finds that KU/ODP should provide public notice of its Application; public hearings should be scheduled for the purpose of receiving testimony and evidence on the Application; interested persons should have an opportunity to file comments on the Application or participate as a respondent in this proceeding; and the Commission's Staff ("Staff") should be directed to investigate the Application and file testimony and exhibits containing its findings and recommendations thereon. We further find that KU/ODP's proposed changes in rates, tolls, charges, rules, and regulations should be suspended until the Commission's final order in this

Finally, we find that a Hearing Examiner should be assigned to conduct all further proceedings in this matter on behalf of the Commission, including filing a final report containing the Hearing Examiner's findings and recommendations.

The Commission takes judicial notice of the ongoing public health issues related to the spread of the coronavirus, or COVID-19. The Commission has taken certain actions, and may take additional actions going forward, which could impact the procedures in this proceeding. Consistent with these actions, in regard to the terms of the procedural framework established below, the Commission will, among other things, direct the electronic filing of testimony and pleadings, unless they contain confidential information, and require electronic service on parties to this proceeding.

We note that the Company's Application, if approved, would result in an increase to customer bills. We realize that the current COVID-19 public health issues have caused devastating economic effects that impact utility customers. We have responded to this economic emergency by, among other actions, directing Virginia utilities to offer extended payment plans, without late fees for those who are current on such plans, to protect customers from service disconnection. We are sensitive to the effects of rate increases, especially in times such as these.

---

The Commission, however, must and will follow the laws applicable to this case, as well as the findings of fact supported by evidence in the record.

Accordingly, IT IS ORDERED THAT:

(1) This matter is docketed and assigned Case No. PUR-2021-00171.

(2) The Company's proposed changes in rates, tolls, charges, rules, and regulations are suspended pursuant to Code § 56-238 until the Commission's final order in this proceeding.

(3) All pleadings in this matter should be submitted electronically to the extent authorized by 5 VAC 5-20-150, Copies and format, of the Commission's Rules of Practice and Procedure ("Rules of Practice"). Confidential and Extraordinarily Sensitive Information shall not be submitted electronically and should comply with 5 VAC 5-20-170, Confidential information, of the Rules of Practice. Any person seeking to hand deliver and physically file or submit any pleading or other document shall contact the Clerk's Office Document Control Center at (804) 371-9838 to arrange the delivery.

(4) Pursuant to 5 VAC 5-20-140, Filing and service, of the Rules of Practice, the Commission directs that service on parties and the Staff in this matter shall be accomplished by electronic means. Concerning Confidential or Extraordinarily Sensitive Information, parties and the Staff are instructed to work together to agree upon the manner in which documents containing such information shall be served upon one another, to the extent practicable, in an electronically protected manner, even if such information is unable to be filed in the Office of the Clerk, so that no party or the Staff is impeded from preparing its case.

24 5 VAC 5-20-10 et seq.

25 As noted in the Revised Operating Procedures Order, submissions to the Commission's Clerk's Office via U.S. mail or commercial mail equivalents may be subject to delayed processing due to the COVID-19 public health issues.
(5) As provided by § 12.1-31 of the Code and 5 VAC 5-20-120, Procedure before hearing examiners, of the Commission's Rules of Practice, a Hearing Examiner is appointed to conduct all further proceedings in this matter on behalf of the Commission.

(6) The Commission hereby schedules a telephonic hearing for the receipt of testimony from public witnesses on the Company's Application, as follows:

(a) A hearing for the receipt of testimony from public witnesses on the Company's Application shall be convened telephonically at 10 a.m. on March 9, 2022, with no public witness present in the Commission's courtroom.  

(b) To promote fairness for all public witnesses, each witness will be allotted five minutes to provide testimony.

(c) On or before March 4, 2022, any person desiring to offer testimony as a public witness shall provide to the Commission (a) your name, and (b) the telephone number that you wish the Commission to call during the hearing to receive your testimony. This information may be provided to the Commission in three ways: (i) by filling out a form on the Commission's website at scc.virginia.gov/pages/Webcasting; (ii) by completing and emailing the PDF version of this form to SCCInfo@scc.virginia.gov; or (iii) by calling (804) 371-9141.

(d) Beginning at 10 a.m. on March 9, 2022, the Commission will telephone sequentially each person who has signed up to testify as provided above.

(e) This public witness hearing will be webcast at scc.virginia.gov/pages/Webcasting.

(7) A public evidentiary hearing on the Application shall be convened at 10 a.m. on March 10, 2022, either in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, or by electronic means, to receive testimony and evidence offered by the Company, respondents, and the Staff on the

NOTICE TO THE PUBLIC OF AN APPLICATION BY KENTUCKY UTILITIES COMPANY D/B/A OLD DOMINION POWER COMPANY FOR AN ADJUSTMENT OF ELECTRIC BASE RATES CASE NO. PUR-2021-00171

- Kentucky Utilities Company d/b/a Old Dominion Power Company filed an application for an adjustment to its electric base rates, requesting to increase its revenues by approximately $12.2 million, which would increase the bill of a residential customer using 1,000 kilowatt hours of electricity per month by $24.20, from $123.28 to $147.48, an increase of 19.63%.

- A Hearing Examiner appointed by the Commission will hold a telephonic hearing in this case on March 9, 2022, at 10 a.m., for the receipt of public witness testimony.

- An evidentiary hearing will be held on March 10, 2022, at 10 a.m., either in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, or by electronic means. Further details on this hearing will be provided by subsequent Commission Order or Hearing Examiner's Ruling.

- Further information about this case is available on the SCC website at: scc.virginia.gov/pages/Case-Information.

On August 31, 2021, Kentucky Utilities Company d/b/a Old Dominion Power Company ("KU/ODP" or "Company") filed an application ("Application") with the State Corporation Commission ("Commission") requesting authority to adjust its electric base rates pursuant to Chapter 10 of Title 56 of the Code of Virginia ("Code") and the Commission's Rules Governing Utility Rate Applications and Annual Informational Filings of Investor-Owned Electric Utilities.

KU/ODP seeks an increase in base rates to produce an increase in revenues in the amount of approximately $12.2 million, which is an 18.1% increase in its total operating revenues,
including fuel. The Company indicates that this rate request is based on a 10.40% return on common equity. Additionally, KU/ODP proposes to increase its basic service charge for residential service. Specifically, for residential customers, the Company proposes a basic service charge of $15.00 per month. This represents a $3.00 increase to the Company's current $12.00 basic service charge for residential service.

If KU/ODP's proposed rate increase is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to the Company, the proposed increase would raise the monthly bill of a residential customer using 1,000 kilowatt hours per month by $24.20, from $123.28 to $147.48, an increase of 19.63%. KU/ODP proposes an effective date of October 1, 2021, for the increase with the expectation that the Commission will suspend enforcement of the proposed rates, rules, and regulations until the Commission's final order is entered in this proceeding, pursuant to Code § 56-238.

According to the Application, KU/ODP plans on deploying Advanced Metering Infrastructure ("AMI") in its Virginia service territory. The Company states that the capital investment required for full AMI deployment in Virginia is less than $8 million. The Company further represents that full deployment of AMI in Virginia is the most cost-effective solution for reading meters, saving KU/ODP customers nearly $5 million. KU/ODP states that the cost of the AMI plans will not have any effect on customer bills as a result of this case. The Company also states that in its first base rate application following the completion of its Virginia AMI deployment, it will include optional time-of-day rates for residential and general service customers to help customers maximize their savings opportunities. The Company states that customers electing to opt out of having an AMI meter installed, or to have it removed if already installed, will pay a set-up charge of $33.00 and a recurring monthly charge of $14.00 related to ongoing costs of opt-outs, including meter reading costs. KU/ODP requests the Commission issue a declaratory order that a certificate of public convenience and necessity is not required under Virginia law for the Company's planned AMI project; or in the alternative, if the Commission determines that a certificate is required, then the Company requests the Commission grant a certificate of public convenience and necessity for the proposed AMI deployment.

Additionally, KU/ODP proposes a demand-side management and energy efficiency ("DSM") pilot program in this case. The Company states that if, in this case, the Commission
approves its proposed process to implement a DSM pilot program, KU/ODP will proceed with the evaluation and design of DSM programs and then request implementation of the programs and a cost-recovery rider in a separate filing. KU/ODP states that the implementation filing will include the proposed programs, the evaluation of their cost-effectiveness, the cost of the proposed programs to be recovered in the rider, and the implementation and billing of the rider. The Company proposes, as part of the pilot program, to reduce its annual energy jurisdictional retail sales by 0.02 percent beginning in 2024. KU/ODP requests the Commission issue a declaratory order finding that KU/ODP's proposed DSM pilot program satisfies KU/ODP's requirement under Code § 56-596.2.

The Application also includes proposed revisions to the Company's tariffs, including revisions to Private Outdoor Lighting Service (Rate P.O.L.T.); the Disconnecting and Reconnecting Service Charge; the Meter Pulse Charge; Standard Rate Rider NMS, Net Metering Service; Standard Rate Rider TS, Temporary/Seasonal Service; Standard Rate Rider GT, Green Tariff; Standard Rate Rider EDR, Economic Development Rider; and the Company's Terms and Conditions of Service.

The Commission has suspended implementation of the proposed revisions to the Company's rates, tolls, and charges until a final order is issued in this proceeding.

The foregoing is not an exhaustive list of all the proposals contained in the Company's Application. Interested persons are encouraged to review the Company's Application and supporting documents in full for details about these and other proposals.

TAKE NOTICE that the Commission may approve revenues and adopt rates, fees, charges, tariff revisions, and terms and conditions of service that differ from those appearing in the Company's Application and supporting documents and may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Company's Application and supporting documents.

The Commission entered an Order for Notice and Hearing that, among other things, scheduled public hearings on KU/ODP's Application. On March 9, 2022, at 10 a.m., a Hearing Examiner appointed by the Commission will hold a telephonic hearing for the purpose of receiving the testimony of public witnesses, with no public witness present in the Commission's courtroom. On or
before March 4, 2022, any person desiring to offer testimony as a public witness shall provide to the Commission (a) your name, and (b) the telephone number that you wish the Commission to call during the hearing to receive your testimony. This information may be provided to the Commission in three ways: (i) by filling out a form on the Commission's website at scc.virginia.gov/pages/Webcasting; (ii) by completing and emailing the PDF version of this form to SCCInfo@scc.virginia.gov; or (iii) by calling (804) 371-9141. This public witness hearing will be webcast at scc.virginia.gov/pages/Webcasting.

On March 10, 2022, at 10 a.m., either in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, or by electronic means, a Hearing Examiner appointed by the Commission will convene a hearing to receive testimony and evidence offered by the Company, any respondents, and the Commission's Staff on the Company's Application. Further details on this hearing will be provided by subsequent Commission Order or Hearing Examiner's Ruling.

The Commission has taken judicial notice of the ongoing public health issues related to the spread of the coronavirus, or COVID-19. In accordance therewith, all pleadings, briefs, or other documents required to be served in this matter shall be submitted electronically to the extent authorized by 5 VAC 5-20-150, Copies and format, of the Rules of Practice.
