ORDER FOR NOTICE AND HEARING

On October 5, 2021, pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code") and the State Corporation Commission's ("Commission") Final Order in Case No. PUR-2020-00230,1 Virginia Electric and Power Company ("Dominion" or "Company") filed with the Commission its biennial update with respect to the Company's rate adjustment clause Rider BW ("Application"). Through its Application, the Company seeks to recover costs associated with the Brunswick County Power Station, a 1,358 megawatt (nominal) natural gas-fired combined-cycle electric generating facility, as well as the related transmission interconnection facilities, in Brunswick County, Virginia ("Project").2

1 Application of Virginia Electric and Power Company, For revision of rate adjustment clause: Rider BW, Brunswick County Power Station, for the Rate Year commencing September 1, 2021, Case No. PUR-2020-00230, Doc. Con. Cen. No. 210710002, Final Order (July 1, 2021).

2 Application at 1.
The Company states that in Case No. PUE-2012-00128, the Commission approved construction of the Project. Dominion further states that in conjunction therewith, the Commission also approved a rate adjustment clause, designated Rider BW, which allowed Dominion to recover costs associated with the development of the Project. The Company represents that it has annually updated its Rider BW rate adjustment clause. Dominion states that in an effort to reduce the administrative burden of annual rider filings, the Company proposes a biennial filing approach for Rider BW, which includes two consecutive rate year revenue requirements.

In this proceeding, Dominion has asked the Commission to approve Rider BW for a rate year beginning September 1, 2022, and ending August 31, 2023 (“2022 Rate Year”), and a rate year beginning September 1, 2023, and ending August 31, 2024 (“2023 Rate Year”). The Company states that the two key components of the proposed 2022 Rate Year revenue requirement are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor.

Dominion further states that the 2023 Rate Year revenue requirement comprises only the Projected Cost Recovery Factor.\textsuperscript{10}

For the 2022 Rate Year, the Company requests a Projected Cost Recovery Factor revenue requirement of $130,992,000 and an Actual Cost True-Up Factor revenue requirement of $13,666,000.\textsuperscript{11} For the 2023 Rate Year, Dominion requests a Projected Cost Recovery Factor revenue requirement of $120,394,000.\textsuperscript{12} The Company therefore requests a total revenue requirement of $144,658,000 for the 2022 Rate Year and a total revenue requirement of $120,394,000 for the 2023 Rate Year.\textsuperscript{13} Dominion requests a rate effective date for usage on and after the latter of September 1, 2022, for the 2022 Rate Year, or the first day of the month that is at least 15 days following the date of any Commission order approving Rider BW.\textsuperscript{14} Dominion further requests a rate effective date for usage on and after September 1, 2023, for the 2023 Rate Year.\textsuperscript{15}

For purposes of calculating the revenue requirements in this case, Dominion utilized an enhanced rate of return on common equity ("ROE") of 10.2%.\textsuperscript{16} This includes a general ROE of 9.2%, which the Commission approved in Case No. PUR-2019-00050,\textsuperscript{17} plus a 100 basis points

enhanced return, as provided for in Code § 56-585.1 A 6, for a combined-cycle electric generation facility.\(^\text{18}\)

If the proposed Rider BW for the 2022 Rate Year and 2023 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, implementation of its proposed Rider BW on September 1, 2022, for the 2022 Rate Year, would increase the monthly bill of a residential customer using 1,000 kilowatt hours per month by approximately $0.70.\(^\text{19}\) Additionally, the Company represents that implementation of its proposed Rider BW on September 1, 2023, for the 2023 Rate Year, would decrease the monthly bill of a residential customer using 1,000 kilowatt hours per month by approximately $0.45, compared to the 2022 Rate Year.\(^\text{20}\)

Dominion requests a waiver, in part, of Rules 20 VAC 5-204-60 ("Rule 60") and 20 VAC 5-204-90 ("Rule 90") of the Commission's Rules Governing Utility Rate Applications and Annual Informational Filings of Investor-Owned Electric Utilities, 20 VAC 5-204-5 et seq. ("Rate Case Rules"), with respect to Schedule 46. Rule 60 states that an application for a rate adjustment clause filed pursuant to Chapter 23 of Title 56 of the Code shall include Schedule 46. The filing requirements for Schedule 46 are enumerated in Rule 90. Specifically, Dominion seeks waiver of the Schedule 46(c)(1)(iii) requirement to provide "[k]ey documents supporting the projected and actual costs recovered through the rate adjustment clause, such as: economic analyses, support used by senior management for major cost decisions as determined by the applicant, contracts, studies, investigations, results from requests for proposals, cost-benefit

analyses, and other items supporting the costs that have not been provided in previous applications." According to Dominion, the supporting documentation responsive to this requirement is voluminous and often not easily reviewed in hard-copy format.21 The Company seeks to make the documents available to case participants in electronic format only via its electronic discovery site.22

Finally, in conjunction with the filing of its Application, the Company filed the Motion of Virginia Electric and Power Company for Entry of a Protective Ruling ("Motion for Protective Ruling") and a proposed protective ruling that establishes procedures governing the use of confidential information in this proceeding.

NOW THE COMMISSION, upon consideration of this matter, is of the opinion and finds that this matter should be docketed; Dominion should provide public notice of its Application; hearings should be scheduled for the purpose of receiving testimony from public witnesses and evidence on the Application; interested persons should have an opportunity to file comments on the Application or to participate as respondents in this proceeding; and the Commission's Staff ("Staff") should be directed to investigate the Application and file testimony and exhibits containing its findings and recommendations thereon.

We further find that a Hearing Examiner should be assigned to conduct all further proceedings in this matter on behalf of the Commission, including ruling on the Company's Motion for Protective Ruling and filing a final report containing the Hearing Examiner's findings and recommendations.

21 Application at 11.
22 Id.
For purposes of making the Application complete and commencing this proceeding, we find that Dominion's request to waive, in part, the requirements under Rule 60 and Rule 90 of the Rate Case Rules with respect to the filing of certain Schedule 46 materials should be granted.\textsuperscript{23} We find, however, that the Company should be directed to file with the Clerk of the Commission one (1) hard copy and three (3) electronic copies on compact discs of the documentation required by the Rate Case Rules for Schedule 46(c)(1)(iii) within twenty-one (21) calendar days from the date of this Order.

The Commission takes judicial notice of the ongoing public health issues related to the spread of the coronavirus, or COVID-19. The Commission has taken certain actions, and may take additional actions going forward, that could impact the procedures in this proceeding.\textsuperscript{24} Consistent with these actions, in regard to the terms of the procedural framework established below, the Commission will, among other things, direct the electronic filing of testimony and pleadings unless they contain confidential information, and require electronic service on parties to this proceeding.

We note that the proposed Rider BW, if approved, would result in an increase to customer bills for the 2022 Rate Year. We realize that the ongoing COVID-19 public health

We have responded to this economic emergency by, among other actions, directing Virginia utilities to offer extended payment plans, without late fees for those who are current on such plans, to protect customers from service disconnection. We are sensitive to the effects of rate increases, especially in times such as these. The Commission, however, must and will follow the laws applicable to this case, as well as the findings of fact supported by evidence in the record.

Accordingly, IT IS ORDERED THAT:

On October 5, 2021, pursuant to § 56-585.1 A 6 of the Code of Virginia ("Code") and the State Corporation Commission's ("Commission") Final Order in Case No. PUR-2020-00230, Virginia Electric and Power Company ("Dominion" or
"Company") filed with the Commission its biennial update with respect to the Company's rate adjustment clause Rider BW ("Application"). Through its Application, the Company seeks to recover costs associated with the Brunswick County Power Station, a 1,358 megawatt (nominal) natural gas-fired combined-cycle electric generating facility, as well as the related transmission interconnection facilities, in Brunswick County, Virginia ("Project").

The Company states that in Case No. PUE-2012-00128, the Commission approved construction of the Project. Dominion further states that in conjunction therewith, the Commission also approved a rate adjustment clause, designated Rider BW, which allowed the Company to recover costs associated with developing the Project. The Company represents that it has annually updated its Rider BW rate adjustment clause. Dominion states that in an effort to reduce the administrative burden of annual rider filings, the Company proposes a biennial filing approach for Rider BW, which includes two consecutive rate year revenue requirements.

In this proceeding, Dominion has asked the Commission to approve Rider BW for a rate year beginning September 1, 2022, and ending August 31, 2023 ("2022 Rate Year"), and a rate year beginning September 1, 2023, and ending August 31, 2024 ("2023 Rate Year"). The Company states that the two key components of the proposed 2022 Rate Year revenue requirement are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor. Dominion further states that the 2023 Rate Year revenue requirement comprises only the Projected Cost Recovery Factor.

For the 2022 Rate Year, the Company requests a Projected Cost Recovery Factor revenue requirement of $130,992,000 and an Actual Cost True-Up Factor revenue requirement of $13,666,000. For the 2023 Rate Year, Dominion requests a Projected Cost Recovery Factor revenue requirement of $120,394,000. The Company therefore requests a total revenue requirement of $144,658,000 for the 2022 Rate Year and a total revenue requirement of $120,394,000 for the 2023 Rate Year. Dominion requests a rate effective date for usage on and after the latter of September 1, 2022, for the 2022 Rate Year, or the first day of the month that is at least 15 days following the date of any Commission order approving Rider BW. Dominion further requests a rate effective date for usage on and after September 1, 2023, for the 2023 Rate Year.
For purposes of calculating the revenue requirements in this case, Dominion utilized an enhanced rate of return on common equity ("ROE") of 10.2%. This includes a general ROE of 9.2%, which the Commission approved in Case No. PUR-2019-00050, plus a 100 basis points enhanced return, as provided for in Code § 56-585.1 A 6, for a combined-cycle electric generation facility.

If the proposed Rider BW for the 2022 Rate Year and 2023 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, implementation of its proposed Rider BW on September 1, 2022, for the 2022 Rate Year, would increase the monthly bill of a residential customer using 1,000 kilowatt hours per month by approximately $0.70. Additionally, the Company represents that implementation of its proposed Rider BW on September 1, 2023, for the 2023 Rate Year, would decrease the monthly bill of a residential customer using 1,000 kilowatt hours per month by approximately $0.45, compared to the 2022 Rate Year.

Interested persons are encouraged to review the Application and supporting documents for the details of these and other proposals.

TAKE NOTICE that the Commission may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Application and supporting documents and thus may adopt rates that differ from those appearing in the Company's Application and supporting documents.

The Commission has taken judicial notice of the ongoing public health issues related to the spread of the coronavirus, or COVID-19. In accordance therewith, all pleadings, briefs or other documents required to be served in this matter shall be submitted electronically to the extent authorized by 5 VAC 5-20-150, Copies and format, of the Commission's Rules of Practice and Procedure ("Rules of Practice"). Confidential and Extraordinarily Sensitive Information shall not be submitted electronically and should comply with 5 VAC 5-20-170, Confidential information, of the Rules of Practice. Any person seeking to hand deliver and physically file or submit any pleading or other document shall contact the Clerk's Office Document Control Center at (804) 371-9838 to arrange the delivery.
Pursuant to 5 VAC 5-20-140, *Filing and service*, of the Commission's Rules of Practice, the Commission has directed that service on parties and the Commission's Staff in this matter shall be accomplished by electronic means. Please refer to the Commission's Order for Notice and Hearing for further instructions concerning Confidential or Extraordinarily Sensitive Information.

On April 5, 2022, at 10 a.m., a Hearing Examiner appointed by the Commission will hold a telephonic hearing for the purpose of receiving the testimony of public witnesses, with no public witness present in the Commission's courtroom. On or before April 1, 2022, any person desiring to offer testimony as a public witness shall provide to the Commission (a) your name, and (b) the telephone number that you wish the Commission to call during the hearing to receive your testimony. This information may be provided to the Commission in three ways: (i) by filling out a form on the Commission's website at scc.virginia.gov/pages/Webcasting; (ii) by completing and emailing the PDF version of this form to SCCInfo@scc.virginia.gov; or (iii) by calling (804) 371-9141.
