**RE: Carysbrook Solar Facility Notification**

Dear Mr. Stephens:

As required by 20VAC5-302-10, "*Construction of electric generating facilities with rated capacities of 5 MW or less may be undertaken without complying with the filing requirements established by this chapter. Persons desiring to construct such facilities shall (i) submit a letter to the Director of the Division of Energy Regulation stating the location, size and fuel type of the facility, and (ii) comply with all other requirements of federal, state and local law.*", please accept this letter as a notice to the Virginia State Corporation Commission of the intent to construct the 1,064.7 kW DC (850kW AC) Carysbrook Photovoltaic Solar Facility located at 60 Carysbrook Rd, Palmyra VA 22963. Fuel source will be sunlight. This facility will comply with all federal, state and local laws.

Please contact me with any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'T. Brown'.
