APPLICATION OF

VIRGINIA ELECTRIC AND POWER COMPANY CASE NO. PUR-2021-00118

For revision of rate adjustment clause:
Rider US-3, Colonial Trail West and
Spring Grove 1 Solar Projects, for the
rate year commencing June 1, 2022

ORDER FOR NOTICE AND HEARING

On August 2, 2021, Virginia Electric and Power Company ("Dominion" or "Company")
filed with the State Corporation Commission ("Commission") an application ("Application") for
approval of its annual update filing with respect to Rider US-3 ("2021 Annual Update") for the
Colonial Trail West Solar Facility ("Colonial Trail West"), an approximately 142 megawatt
("MW") solar generating facility located in Surry County, Virginia, and the Spring Grove 1 Solar
Facility ("Spring Grove 1"), an approximately 98 MW solar facility located in Surry County,
Virginia (collectively, "US-3 Solar Projects" or "Projects").

On January 24, 2019, the Commission approved Dominion's construction and operation
of the US-3 Solar Projects. On April 15, 2019, Dominion also received approval of a rate
adjustment clause, designated Rider US-3, for the Company to recover costs associated with the

Projects pursuant to §§ 56-580 D and 56-46.1 of the Code of Virginia, and for approval of a rate adjustment clause,

construction of the Projects.³ The Commission's approval was subject to certain conditions and requirements, including a performance guarantee for the Projects, which were accepted by the Company.⁴

According to the Application, the US-3 Solar Projects are generally proceeding on schedule and on budget.⁵ The Company states that Colonial Trail West began commercial operations on December 26, 2019.⁶ Spring Grove 1 was placed into service on November 30, 2020.⁷ The total forecasted cost for the combined US-3 Solar Projects remains at $409.9 million (excluding financing costs), or $1,708 per kilowatt at the 240 MW (nominal AC) rating, with cost variances from the original estimates, both upward and downward and within specific cost categories and subcategories.⁸ The updated budget forecast included in the Application reflects actual capital expenditures through December 31, 2020, and projected capital expenditures through 2021, with monthly projections of capital expenditures used to determine the revenue requirement for the 2021 Annual Update.⁹ The Company states that as part of this 2021 Annual Update, it is requesting that the Commission approve the updated

⁴ See CPCN Order, 2019 S.C.C. Ann. Rept. at 246. expenditures for the Projects, subject to subsequent true-ups, and find that such expenditures are reasonable and prudent.10

In this proceeding, Dominion has asked the Commission to approve Rider US-3 for the rate year beginning June 1, 2022, and ending May 31, 2023 ("2022 Rate Year").11 The two components of the proposed total revenue requirement for the 2022 Rate Year are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor.12 The Company is requesting a Projected Cost Recovery Factor revenue requirement of approximately $36,654,727, and an Actual Cost True-Up Factor revenue requirement of $13,150,683.13 Thus, the Company is requesting a total revenue requirement of $49,805,410 for service rendered during the 2022 Rate Year.14

For purposes of calculating the revenue requirement in this case, Dominion utilized a rate of return on common equity of 9.2%, approved by the Commission in Case No. PUR-2019-00050.15 If the proposed Rider US-3 for the 2022 Rate Year is approved, the impact

Ann. Rept. 400, Final Order (Nov. 21, 2019). Dominion states the Commission will set a rate of return on common equity in its pending triennial review proceeding, Case No. PUR-2021-00058, and the Commission-approved rate of return on common equity will be applicable for use in the Projected Cost Recovery Factor component of the revenue requirement ultimately approved as part of this proceeding. on customer bills would depend on the customer's rate schedule and usage. According to Dominion, implementation of its proposed Rider US-3 on June 1, 2022, would increase the bill of a residential customer using 1,000 kilowatt hours per month by approximately $0.25.\textsuperscript{16} The Company indicates it has calculated the proposed Rider US-3 rates in accordance with the same methodology as used for rates previously approved by the Commission in the most recent Rider US-3 proceeding, Case No. PUR-2020-00122.\textsuperscript{17}

Dominion also requests a waiver, in part, of Rules 20 VAC 5-204-60 ("Rule 60") and 20 VAC 5-204-90 ("Rule 90") of the Commission's Rules Governing Utility Rate Applications and Annual Informational Filings of Investor-Owned Electric Utilities, 20 VAC 5-204-5\textit{ et seq.} ("Rate Case Rules") with respect to Schedule 46. Rule 60 states that an application for a rate adjustment clause filed pursuant to Chapter 23 of Title 56 of the Code shall include Schedule 46, which is entitled "Rate Adjustment Clauses and Prudency Determinations Pursuant to Chapter 23 (\$ 56-576\textit{ et seq.}) of the Code of Virginia."\textsuperscript{18} Schedule 46 requires an applicant to provide certain information, including key documents supporting the proposed costs. According to Dominion, some of the supporting documentation responsive to this requirement is voluminous and not easily reviewed in hard copy format.\textsuperscript{19} The Company therefor requests to provide the documentation in electronic format only.\textsuperscript{20}

Finally, in conjunction with the filing of its Application, the Company filed the Motion of Virginia Electric and Power Company for Entry of a Protective Ruling ("Motion for Protective Ruling") and a proposed protective ruling that establishes procedures governing the use of confidential information in this proceeding.

NOW THE COMMISSION, upon consideration of this matter, is of the opinion and finds that this matter should be docketed; Dominion should provide public notice of its Application; public hearings should be scheduled for the purpose of receiving testimony and evidence on the Application; interested persons should have an opportunity to file comments on the Application and participate as a respondent in this proceeding; and the Commission's Staff ("Staff") should be directed to investigate the Application and file testimony and exhibits containing its findings and recommendations thereon. We also find that a Hearing Examiner should be assigned to conduct all further proceedings in this matter on behalf of the Commission, including ruling on the Company's Motion for Protective Ruling and filing a final report containing the Hearing Examiner's findings and recommendations.

Further, for purposes of making the Application complete and commencing this proceeding, we grant Dominion's request to waive in part the requirements under Rule 60 and Rule 90 of the Rate Case Rules with respect to the filing of certain Schedule 46 materials.

The Commission takes judicial notice of the ongoing public health issues related to the spread of the coronavirus, or COVID-19. The Commission has taken certain actions, and may
take additional actions going forward, that could impact the procedures in this proceeding.\textsuperscript{21}

Consistent with these actions, in regard to the terms of the procedural framework established below, the Commission will, among other things, direct the electronic filing of testimony and pleadings, unless they contain confidential information, and require electronic service on parties to this proceeding.

We note that the proposed Rider US-3, if approved, would result in an increase to customer bills. We realize that the ongoing COVID-19 public health issues have caused devastating economic effects that impact utility customers. We have responded to this economic emergency by, among other actions, directing Virginia utilities to offer extended payment plans, without late fees for those who are current on such plans, to protect customers from service disconnection. We are sensitive to the effects of rate increases, especially in times such as these. The Commission, however, must and will follow the laws applicable to this case, as well as the findings of fact supported by evidence in the record.

Accordingly, IT IS ORDERED THAT:

(1) This matter is docketed and assigned Case No. PUR-2021-00118.

(2) All pleadings, briefs, or other documents required to be served in this matter should be submitted electronically to the extent authorized by Rule 5 VAC 5-20-150, \textit{Copies and...

Confidential and Extraordinarily Sensitive Information shall not be submitted electronically and should comply with 5 VAC 5-20-170, Confidential information, of the Rules of Practice. Any person seeking to hand deliver and physically file or submit any pleading or other document shall contact the Clerk's Office Document Control Center at (804) 371-9838 to arrange the delivery.

Concerning Confidential or Extraordinarily Sensitive Information, parties and the Staff are instructed to work together to agree upon the manner in which documents containing such information shall be served upon one another, to the extent practicable, in an electronically protected manner, even if such information is unable to be filed in the Office of the Clerk, so that no party or the Staff is impeded from preparing its case.

(4) As provided by Code § 12.1-31 and Rule 5 VAC 5-20-120, Procedure before hearing examiners, of the Rules of Practice, a Hearing Examiner is appointed to conduct all further proceedings in this matter on behalf of the Commission, including ruling on the Company's Motion for Protective Ruling.

NOTICE TO THE PUBLIC OF
THE APPLICATION OF VIRGINIA ELECTRIC AND POWER COMPANY FOR REVISION OF RATE ADJUSTMENT CLAUSE: RIDER US-3, COLONIAL TRAIL WEST AND SPRING GROVE 1 SOLAR PROJECTS, FOR THE RATE YEAR COMMENCING JUNE 1, 2022
CASE NO. PUR-2021-00118

- Virginia Electric and Power Company ("Dominion") has applied for approval to revise its rate adjustment clause, Rider US-3.
- In this case, Dominion has asked the State Corporation Commission ("Commission") to approve Rider US-3 for the rate year beginning June 1, 2022, and ending May 31, 2023 ("2022 Rate Year")
- For the 2022 Rate Year, Dominion requests a revenue requirement of $49,805,410, which would increase the bill of a typical residential customer using 1,000 kilowatt hours of electricity per month by $0.25.
- A Hearing Examiner appointed by the Commission will hold a telephonic hearing in this case on February 28, 2022, at 10 a.m., for the receipt of public witness testimony.
- An evidentiary hearing will be held on March 1, 2022, at 10 a.m., either in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, or by electronic means. Further details on this hearing will be provided by subsequent Commission Order or Hearing Examiner's Ruling.
- Further information about this case is available on the Commission website at: scc.virginia.gov/pages/Case-Information.

On August 2, 2021, Virginia Electric and Power Company ("Dominion" or "Company") filed with the State Corporation Commission ("Commission") an application ("Application") for approval of its annual update filing with respect to Rider US-3
"2021 Annual Update") for the Colonial Trail West Solar Facility ("Colonial Trail West"), an approximately 142 megawatt ("MW") solar generating facility located in Surry County, Virginia, and the Spring Grove 1 Solar Facility ("Spring Grove 1"), an approximately 98 MW solar facility located in Surry County, Virginia (collectively, "US-3 Solar Projects" or "Projects").

On January 24, 2019, the Commission approved Dominion's construction and operation of the US-3 Solar Projects. On April 15, 2019, Dominion also received approval of a rate adjustment clause, designated Rider US-3, for the Company to recover costs associated with the construction of the Projects. The Commission's approval was subject to certain conditions and requirements, including a performance guarantee for the Projects, which were accepted by the Company.

According to the Application, the US-3 Solar Projects are generally proceeding on schedule and on budget. The Company states that Colonial Trail West began commercial operations on December 26, 2019. Spring Grove 1 was placed into service on November 30, 2020. The total forecasted cost for the combined US-3 Solar Projects remains at $409.9 million (excluding financing costs), or $1,708 per kilowatt at the 240 MW (nominal AC) rating, with cost variances from the original estimates, both upward and downward and within specific cost categories and subcategories. The updated budget forecast included in the Application reflects actual capital expenditures through December 31, 2020, and projected capital expenditures through 2021, with monthly projections of capital expenditures used to determine the revenue requirement for the 2021 Annual Update. The Company states that as part of this 2021 Annual Update, it is requesting that the Commission approve the updated expenditures for the Projects, subject to subsequent true-ups, and find that such expenditures are reasonable and prudent.

In this proceeding, Dominion has asked the Commission to approve Rider US-3 for the rate year beginning June 1, 2022, and ending May 31, 2023 ("2022 Rate Year"). The two components of the proposed total revenue requirement for the 2022 Rate Year are the Projected Cost Recovery Factor and the Actual Cost True-Up Factor. The Company is requesting a Projected Cost Recovery Factor revenue requirement of approximately $36,654,727, and an Actual Cost True-Up Factor revenue requirement of $13,150,683. Thus, the Company is requesting a total revenue requirement of $49,805,410 for service rendered during the 2022 Rate Year.
For purposes of calculating the revenue requirement in this case, Dominion utilized a rate of return on common equity of 9.2%, approved by the Commission in Case No. PUR-2019-00050. If the proposed Rider US-3 for the 2022 Rate Year is approved, the impact on customer bills would depend on the customer's rate schedule and usage. According to Dominion, implementation of its proposed Rider US-3 on June 1, 2022, would increase the bill of a residential customer using 1,000 kilowatt hours per month by approximately $0.25. The Company indicates it has calculated the proposed Rider US-3 rates in accordance with the same methodology as used for rates previously approved by the Commission in the most recent Rider US-3 proceeding, Case No. PUR-2020-00122.

Interested persons are encouraged to review the Application and supporting documents for the details of these and other proposals.

TAKE NOTICE that the Commission may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Application and supporting documents and thus may adopt rates that differ from those appearing in the Company's Application and supporting documents.

The Commission has taken judicial notice of the ongoing public health issues related to the spread of the coronavirus, or COVID-19. In accordance therewith, all pleadings, briefs, or other documents required to be served in this matter shall be submitted electronically to the extent authorized by 5 VAC 5-20-150, Copies and format, of the Commission's Rules of Practice and Procedure ("Rules of Practice"). Confidential and Extraordinarily Sensitive Information shall not be submitted electronically and should comply with 5 VAC 5-20-170, Confidential information, of the Rules of Practice. Any person seeking to hand deliver and physically file or submit any pleading or other document shall contact the Clerk's Office Document Control Center at (804) 371-9838 to arrange the delivery.

Pursuant to 5 VAC 5-20-140, Filing and service, of the Rules of Practice, the Commission has directed that service on parties and the Commission's Staff in this matter shall be accomplished by electronic means. Please refer to the Commission's Order for Notice and Hearing for further instructions concerning Confidential or Extraordinarily Sensitive Information.
The Commission entered an Order for Notice and Hearing that, among other things, scheduled public hearings on Dominion's Application. On February 28, 2022, at 10 a.m., the Commission will hold a telephonic hearing, with no witness present in the Commission's courtroom, for the purpose of receiving the testimony of public witnesses. On or before February 24, 2022, any person desiring to offer testimony as a public witness shall provide to the Commission (a) your name, and (b) the telephone number that you wish the Commission to call during the hearing to receive your testimony. This information may be provided to the Commission in three ways: (i) by filling out a form on the Commission's website at scc.virginia.gov/pages/Webcasting; (ii) by completing and emailing the PDF version of this form to SCCInfo@scc.virginia.gov; or (iii) by calling (804) 371-9141. This public witness hearing will be webcast at scc.virginia.gov/pages/Webcasting.

On March 1, 2022, at 10 a.m., either in the Commission's second floor courtroom located in the Tyler Building, 1300 East Main Street, Richmond, Virginia 23219, or by electronic means, a hearing will be convened to receive testimony and evidence from the Company, any respondents, and the Commission's Staff. Further details on this hearing will be provided by subsequent Commission Order or Hearing Examiner's Ruling.
