STATE CORPORATION COMMISSION

JUDITH WILLIAMS JAGDMANN, Chairman

ANGELA L. NAVARRO

JEHMAL T. HUDSON

BERNARD J. LOGAN, Clerk of the Commission

The State Corporation Commission (“SCC”) is an independent regulatory agency established by the Virginia Constitution of 1902. The Constitution vested the SCC with judicial, legislative, and executive powers. The SCC acts as a court of record and holds formal hearings when warranted. It can enforce its orders by fines or contempt citations. Its decisions can only be appealed to the Supreme Court of Virginia. The SCC's legislative authority is exercised when it makes rules and promulgates regulations. Its executive authority is exercised in its day-to-day administration.

The SCC’s regulatory jurisdiction extends into two main business areas - public utilities and financial services. Public utilities include energy regulation, communications, and railroad and power line safety. Financial services include state-chartered financial institutions, insurance, securities, and retail franchising. In addition, the SCC is the state’s central filing office for corporations, partnerships, limited liability companies, business trusts, Uniform Commercial Code financing statements, and federal tax liens.

The SCC is headed by three Commissioners elected by the Virginia General Assembly for six-year terms. The terms are staggered in increments of two years in order to provide continuity. Working full time, the Commissioners, also known as judges, direct the work of the SCC with the expertise of a staff of approximately 675, organized into 18 divisions.

BUREAU OF FINANCIAL INSTITUTIONS

E. J. Face, Jr., Commissioner

MISSION STATEMENT

To protect the public interest in Virginia by maintaining a safe, sound, and competitive financial services environment, and to foster a positive impact on the Commonwealth’s economy through the highest quality supervision and regulation.

The Bureau of Financial Institutions (“Bureau”) is one of the 18 divisions of the SCC. The Bureau was established in 1910 to regulate banks. Over time, its regulatory responsibilities were expanded under Title 6.2 of the Code of Virginia to include the regulation of other Virginia-chartered depository and non-depository financial institutions. Regulation consists of chartering and licensing on one hand, and examination, supervision, and enforcement on the other hand. Depository financial institutions are comprised of Virginia-chartered banks and related holding companies, savings institutions and related holding companies, and credit unions. Non-depository institutions consist of trust companies, consumer finance companies, mortgage lenders and brokers, mortgage loan originators, money transmitters, credit counseling agencies, industrial loan associations, short-term lenders, motor vehicle title lenders, qualified education loan servicers, debt settlement services providers, and check cashers. Each institution is required to obtain a certificate of authority or a license prior to engaging in business, with the exception of check cashers. Check cashers are required to register with the Bureau.

The Bureau also investigates and responds to consumer complaints. Two full-time employees, supported by legal staff and Bureau management, serve as intermediaries between consumers and regulated financial institutions and licensees. In 2021, the staff received and assisted in resolving 577 written complaints, compared to 483 in 2020. In 2021, \$107,885 was refunded to consumers, compared to \$153,796 in 2020. In addition to written complaints, the staff responds to thousands of telephone inquiries. The Bureau also has an outreach program for the purpose of improving the financial literacy of Virginians.

The Bureau is headed by the Commissioner of Financial Institutions and administratively is divided into three sections: (a) Administration and Licensing, (b) Depository Supervision, and (c) Non-Depository Supervision.

At the end of 2021, the Bureau had 82 full-time staff. Forty-seven members of the staff were field examiners and 35 were office staff.

The Bureau’s revenue is derived solely from supervision, examination, and licensing fees assessed on regulated financial institutions and licensees pursuant to applicable laws and regulations. For the fiscal year ended June 30, 2021, total receipts amounted to \$17,411,200 and total disbursements were \$12,960,268.

SUPERVISED INSTITUTIONS

At the end of 2021, there were 32,908 financial institutions and licensees under supervision and regulation by the Bureau, compared with 24,385 at the end of 2020. The following list provides a breakdown of supervised financial institutions and licensees for the last two years.

The Bureau has entered into interstate cooperative agreements with other state and federal agencies for the effective regulation of financial institutions and licensees operating across state lines. Virginia-chartered depository institutions and trust companies wishing to establish offices outside Virginia are required to obtain permission from the Virginia State Corporation Commission through the Bureau. These institutions are examined by the Bureau in cooperation with other state and federal agencies.

Most non-depository financial services companies, no matter where they are located, must obtain a Virginia license prior to conducting business in Virginia and are subject to examination by the Bureau. For example, out-of-state mortgage companies, money transmitters, and credit counseling agencies must obtain a Virginia license prior to offering services to Virginia consumers.

ACCREDITATIONS

The Bureau is accredited by the Conference of State Bank Supervisors (CSBS) and the National Association of State Credit Union Supervisors (NASCUS). These professional organizations administer accreditation programs for member states. The accreditation programs apply national standards for the regulation of banks and credit unions. Accreditation recognizes the professionalism and proficiency of the Bureau and its staff. In order to ensure maintenance of professionalism, both CSBS and NASCUS review state agencies annually and re-accredit state agencies every five years.

MEMBERSHIPS AND OTHER ACTIVITIES

The Conference of State Bank Supervisors (“CSBS”) was founded in 1902. It is the nation’s leading advocate for the state banking system, and the only national organization dedicated to advancing the state banking system. The Bureau is an active member of CSBS. As such, the Bureau has the opportunity to attend various training and educational programs and share ideas with banking departments from other states. Commissioner Face is Chairman Emeritus of CSBS, having served as Chairman of the Conference in 2006-2007.

The National Association of State Credit Union Supervisors (“NASCUS”) was formed in 1965 by state credit union regulators to ensure the safety and soundness of state-chartered credit unions. The Bureau was a chartering member of the association. NASCUS is the primary resource and voice of the state governmental agencies that charter, regulate, and examine the nation’s state-chartered credit unions. NASCUS is dedicated to the promotion of the dual chartering system and the autonomy of state credit union regulatory agencies. NASCUS also provides examiner education programs for state agencies. In addition, NASCUS administers a certification program for state credit union examiners.

The American Association of Residential Mortgage Regulators (“AARMR”) was formed in 1989 to promote the exchange of information between state regulators responsible for the licensing and regulation of residential mortgage lenders, mortgage brokers, and mortgage servicing companies; and to promote a better understanding of mortgage regulation. One important function of the association is to provide training to state mortgage regulators. The Bureau was a founding member of AARMR. Commissioner Face is a past two-term President of AARMR. Deputy Commissioner Susan Hancock served on the AARMR Board from 1997 to October 2007, and as President of the association in 2000.

The National Association of Consumer Credit Administrators (“NACCA”) is a nonprofit association established in 1935 to improve the supervision of consumer credit agencies and to facilitate the administration of laws governing these agencies. The association provides training for state regulators involved in the regulation of non-depository institutions such as payday lenders, consumer finance companies, and debt management agencies. Commissioner Face and Deputy Commissioner Hancock are both past presidents of NACCA.

The Money Transmitter Regulators Association (“MTRA”) is a national nonprofit organization advancing the effective and efficient regulation of the money transmission industry in the United States of America. The MTRA membership consists of state regulatory authorities in charge of regulating money transmitters and sellers of traveler’s checks, money orders, drafts, and other money instruments. The Bureau has been a member of MTRA since its formation in 1989.

The Federal Financial Institutions Examination Council (“FFIEC”) was created by the Federal Financial Institutions Regulatory and Interest Rate Control Act of 1978 to prescribe uniform principles, standards and report forms for the federal examination of financial institutions, and to make recommendations to promote uniformity in the supervision of financial institutions. It also conducts schools for examiners employed by the five federal member agencies represented on the FFIEC and makes those schools available to employees of state agencies that supervise financial institutions. The FFIEC currently consists of the following six voting members: the Comptroller of the Currency, Office of Comptroller of the Currency; a member of the Board of Governors of the Federal Reserve System; the Chairman of the Federal Deposit Insurance Corporation; the Director of the Consumer Financial Protection Bureau; the Chairman of the National Credit Union Administration; and the Chairman of the Council’s State Liaison Committee. The State Liaison Committee consists of five representatives of state banking agencies that supervise financial institutions. Commissioner Face has twice been appointed to a seat on the State Liaison Committee; most recently for a two-year term ending on April 30, 2020.

Administratively, the Bureau is divided into three sections: (a) Administration and Licensing, (b) Depository Supervision, and (c) Non-Depository Supervision.

ADMINISTRATION AND LICENSING SECTION

Dustin R. Physioc, Deputy Commissioner

The Bureau’s Administration and Licensing Section provides logistical support to the depository and non-depository supervision sections; administers budgeting, accounting, and procurement functions; administers information technology operations; maintains Bureau records; performs special projects for the Commissioner; and oversees compilation of the Bureau’s strategic plan. The Section’s licensing responsibilities include processing applications from depository and non-depository financial institutions for certificates of authority and licenses to conduct business in Virginia, branch expansion and relocations, and mergers and acquisitions. The Section also manages annual license renewals and produces the Bureau’s annual reports. Deputy Commissioner Physioc is assisted by nine professional staff and ten administrative professionals.

The Bureau received a record 13,577 applications in 2021, compared with 9,852 applications in 2020; a 37.8% year-over-year increase. The growth was fueled in large part by licensing activity in the mortgage area.

DEPOSITORY SUPERVISION SECTION

Susan E. Hancock, Deputy Commissioner

The Depository Supervision Section is responsible for the regulation and supervision of Virginia-chartered banks and bank holding companies, Virginia-chartered credit unions, savings and loan associations, savings banks, and trust companies. Headed by Deputy Commissioner Susan Hancock, the Section has a staff of 37 examination professionals and two administrative professionals.

Title 6.2 of the Code of Virginia requires the Bureau to examine each depository financial institution and each trust company within prescribed time periods, to determine its safety and soundness, and to ensure each is being operated in compliance with the laws of the Commonwealth of Virginia. A process is utilized including onsite examinations and continuous monitoring, augmented by financial data and the examination reports supplied by other state and federal agencies charged with similar regulatory responsibilities, as well as other sources of information useful in maintaining an ongoing knowledge of the condition of each Virginia-chartered depository institution.

As of December 31, 2021, the Section supervised 47 banks, 43 Virginia bank holding companies, five non-Virginia bank holding companies with a subsidiary Virginia bank, 23 credit unions, two subsidiary trust companies and one savings institution. During 2021, the Section examined 23 banks, 12 bank holding companies, 10 credit unions, and one savings institution.

At the end of 2021, total assets of Virginia-chartered banks stood at \$109.5 billion with equity capital of \$14.4 billion; compared to \$103.7 billion in assets and \$14.0 billion in equity at the end of 2020. Equity capital to assets of Virginia-chartered banks was 13.2% at the end of 2021; compared to a 13.5% ratio at the end of 2020.

**STATE CORPORATION COMMISSION – BUREAU OF FINANCIAL INSTITUTIONS
SUMMARY OF OPERATIONS - 2021**

Total assets of Virginia-chartered credit unions increased to \$12.7 billion in 2021 from \$11.4 billion in 2020. The net worth ratio of Virginia-chartered credit unions was 9.8% at the end of 2021; compared to 10.1% at the end of 2020.

NON-DEPOSITORY SUPERVISION SECTION

Susan E. Hancock, Deputy Commissioner

The Non-Depository Supervision Section supervises non-depository companies, individuals and other business entities, including mortgage lenders and brokers, mortgage loan originators, consumer finance companies, short-term lenders, motor vehicle title lenders, industrial loan associations, credit counseling agencies, check cashers, money order sellers, money transmitters, qualified education loan servicers and debt settlement services providers. Deputy Commissioner Susan Hancock is assisted by 18 examination professionals and two administrative professionals. The primary responsibility of the Section is to conduct compliance examinations to ensure that the licensees are conducting business in accordance with applicable laws and regulations. The Bureau is authorized by law to examine all licensees, and most licensees are required to be examined at least once every three years.

In addition to conducting examinations, the Non-Depository Supervision Section also handles consumer complaints relating to non-depository institutions and investigates information relating to entities that may be conducting business in Virginia without the required license. In 2021, the Section received 337 consumer complaints relating to non-depository institutions, and \$83,626 was refunded to consumers as a result of our review of these complaints.

During the 2021 calendar year, the Section conducted a total of 460 examinations with the majority (395) being mortgage examinations. As a result of examinations, \$26,528 was refunded by licensees to consumers in 2021. Examiners receive continuing education by attending various schools and participating in online training offered by the American Association of Residential Mortgage Regulators, the National Association of Consumer Credit Administrators, the Money Transmitter Regulators Association and/or the Conference of State Bank Supervisors.

At the end of 2021, the Bureau regulated 32,782 non-depository licensees. Of these, 1,109 were mortgage lenders and/or brokers reporting 2021 activity of \$12.1 billion in brokered mortgage loans and \$107.8 billion in closed mortgage loans secured by residential real estate located in Virginia. Six licensed short-term lenders reported making 20,285 loans totaling \$11.8 million. Seventeen consumer finance companies, operating from 187 licensed offices, reported 126,983 loans outstanding to Virginia consumers, with a total balance of \$716.7 million. Virginia's 110 licensed money transmitters reported \$3.0 billion in money order sales and a record \$54.1 billion in money transmission volume. Fifteen qualified education loan servicer licensees reported more than \$34.2 billion in their Virginia servicing portfolios. Four debt settlement services provider licensees reported \$15.8 million of debt enrolled into their settlement services. Virginia had only one motor vehicle title lender licensee as of year-end 2021. The licensee reported no loan activity during the year.
