SCOPE OF THE EXAMINATION

The examination included a detailed review of the companies' private passenger automobile line of business written in Virginia for the period beginning January 1, 2009 and ending December 31, 2009. This review included rating, underwriting, policy terminations, claims handling, forms, policy issuance*, statutory notices, agent licensing, complaint-handling, and information security practices. The purpose of this examination was to determine compliance with Virginia insurance statutes and regulations and to determine that the companies' operations were consistent with the public interest. The Report is by test, and all tests applied during the examination are reported.

This Report is divided into three sections, Part One – The Examiners' Observations, Part Two – Corrective Action Plan, and Part Three – Examiners' Notes. Part One outlines all of the violations of Virginia insurance statutes and regulations that were cited during the examination. In addition, the examiners cited instances where the companies failed to adhere to the provisions of the policies issued on risks located in Virginia. Finally, violations of other related laws that apply to insurers, characterized as "Other Law Violations," are also noted in this section of the Report.

In Part Two, the Corrective Action Plan identifies the violations that rise to the level of a business practice.

In Part Three, the examiners identify any violations that are not considered a general business practice. Also included in this section are recommendations regarding the companies' practices that are not violations of Virginia insurance laws but require some action by the companies. This section does not form the basis of any settlement offer made by the Bureau.

* Policies reviewed under this category reflected the companies' current practices and, therefore, fell outside of the exam period.

The examiners may not have discovered every unacceptable or non-compliant activity in which the companies engaged. The failure to identify, comment on, or criticize specific company practices does not constitute an acceptance of the practices by the Bureau.

STATISTICAL SUMMARY

The files selected for the review of the rating and underwriting, termination, and claims handling processes were chosen by random sampling of the various populations provided by the companies. The relationship between population and sample is shown on the following page.

In other areas of the examination, the sampling methodology is different. The examiners have explained the methodology for those areas in corresponding sections of the Report.

The details of the errors will be explained in Part One of this Report. General business practices may or may not be reflected by the number of errors shown in the summary.

LICENSING AND APPOINTMENT REVIEW

A review was made of new business policies to verify that the agent of record for those policies reviewed was licensed and appointed to write business for the company as required by Virginia insurance statutes. The company provided their information security procedures.

PART TWO – CORRECTIVE ACTION PLAN

Business practices and the error tolerance guidelines are determined in accordance with the standards set forth by the NAIC. Unless otherwise noted, a ten percent (10%) error criterion was applied to all operations of the companies, with the exception of claims handling. The threshold applied to claims handling was seven percent (7%). Any error ratio above these thresholds indicates a general business practice. In some instances, such as filing requirements, forms, notices, and agent licensing, the Bureau applies a zero tolerance standard. This section identifies the violations that were found to be business practices of Virginia insurance statutes and regulations.

The examiners also found violations that did not appear to rise to the level of business practices by the companies. The companies should carefully scrutinize these errors and correct the causes before these errors become business practices. The following errors will not be included in the settlement offer:

Rating and Underwriting

- Failure to assign points under a SDIP to the vehicle customarily driven by the operator responsible for incurring the points.

RECOMMENDATIONS

We recommend that the companies take the following actions:

- The companies should advise their agencies/agents to be consistent when completing the Direct Debit/EFT Authorization Agreement.
- The companies should amend the insured's insurance identification card to reflect the correct corresponding VIN number for each vehicle.
- The companies should verify that the date of birth on the declarations page corresponds with the date shown on the MVR.
- The companies should only list accidents/violations on the Accident and Violation Disclosure notice that are within the experience period of the policy.

Termination

- The companies should not provide the Right to Review on cancellations within the first 60 days of coverage and for insured requested cancellations on private passenger automobile policies.

Claims

- The companies should use the policy term "Collision" instead of "Material Damage."
- The companies should use the policy term "Medical Expense" instead of "Medical Payments."

- The companies should use the policy term "Transportation Expense" instead of "Extended Transportation."

Statutory Notices

- The companies should amend the Important Information Regarding Your Insurance notice to include the TDD telephone number for the Virginia Bureau of Insurance.
- The companies should use the term "Other Than Collision" instead of "Comprehensive" on the Rental Reimbursement notice.

Re: Market Conduct Examination
Bristol West Insurance Company (NAIC# 19658)
Bristol West Casualty Insurance Company (NAIC# 11034)
Examination Period: January 1, 2009 – December 31, 2009

Dear Ms. Austin:

:

The Bureau of Insurance (Bureau) has conducted a market conduct examination of the above referenced companies for the period of January 1, 2009 through December 31, 2009. The Preliminary Market Conduct Examination Report has been drafted for the companies' review.

Enclosed with this letter is a copy of the Preliminary Market Conduct Examination Report (Report) and copies of review sheets that have been withdrawn or revised since November 15, 2010. Also enclosed are several technical reports that will provide you with the specific file references for the violations listed in the Report.

Since there appears to have been a number of violations of Virginia insurance laws on the part of the companies, I would urge you to closely review the Report. Please provide a written response. If the companies disagree with an item(s) or wish to further comment on an item(s), please respond to the items in Part I of the Report using the format of the Report. The companies do not need to respond to any particular item in Part I if it agrees with the Report. Please be aware that the examiners are unable to remove an item from the Report or modify a violation unless the companies provide written documentation to support its position. If the companies use the same format (headings and numbering) as found in the Report, it is much easier to follow the companies' points.

Secondly, the companies should respond to the corrective action plan (CAP) outlined in Part II of the Report. In some cases, the issues that should be addressed may be broader than those that are in the CAP. In particular, if the examiners identified issues that were numerous but did not rise to the level of a business practice, the companies should outline the actions they are taking to prevent those issues from becoming a business practice.

Thirdly, if the companies have comments they wish to make regarding the Examiners' Notes in Part III of the Report, please use the same headings and numbering for the comments. Of course, should the companies wish to comment on any other part of the Report, please reference the heading of the section where the item is found.

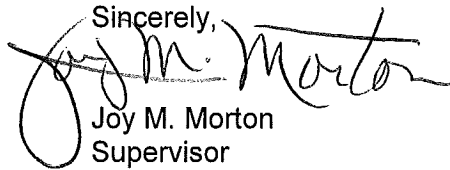

Finally, we have enclosed a CD containing an Excel spreadsheet that the companies must complete and return to the Bureau with the companies' response. This spreadsheet lists the files in which the examiners identified overcharges (rating and terminations) and underpayments (claims).

The companies' response and the spreadsheet mentioned above must be returned to the Bureau by January 26, 2011.

After the Bureau has received and reviewed the companies' response, we will make any justified revisions to the Report. The Bureau will then be in a position to determine the appropriate disposition of the market conduct examination.

We look forward to your reply by January 26, 2011.

Sincerely,

Joy M. Morton

Christina:

The overcharge for RPA056 should not have been included in the grid. In addition, there was an undercharge for RPA058 not an overcharge. Please reference this email in your response and the overcharge for RPA056 will be removed from the report.

Subject: Bristol West - One Question re: Restitution Worksheet

Will,

Thanks for sending the review sheets. I have one more question regarding the last record on the Rating Overcharges worksheet. (See highlighted row on attachment.) The reference number listed is RPA0056. I am unable to locate the review sheet associated with this on the Violation Summary report. However, there is a review sheet for RPA0058 which appears to be an overcharge (R&URBPPA-890127050). Can you confirm if the correct reference number is RPA058? If not, can you forward me the review sheet for RPA056 that gives the details about the overcharge?

If this doesn't make sense, feel free to give me a call.

Re: **Market Conduct Examination**
Bristol West Insurance Company (NAIC #19658)
Bristol West Casualty Insurance Company (NAIC #11034)
Examination Period: January 1, 2009 – December 31, 2009

Dear Ms. Morton:

This letter is in response to the Preliminary Market Conduct Examination Report dated December 17, 2010. As requested, the companies' comments will appear in the same order as in the Report. If no comment appears for a given section of the report, then the companies agree with the Bureau's finding.

PART ONE – THE EXAMINERS' OBSERVATIONS

Rating and Underwriting Review **Automobile New Business Policies**

Introduction – New business overcharges:

RPA007 – The Company respectfully submits that the policy rated correctly. See Addendum 1 for the rating worksheet and a copy of the application.

RPA013 – The Company respectfully submits that the policy rated correctly. See Addendum 2 for the rating worksheet and a copy of the application.

Section (3)a:

Issue - Failure to use correct discounts/surcharges. RPA013, review sheet R&UNBPPA1286897418. The Company respectfully submits that the policy rated correctly. See Addendum 2 for the rating worksheet and a copy of the application.

Issue – Failure to use correct discounts/surcharges. RPA017, review sheet R&UNBPPA-2126730267. The Company respectfully submits that the policy rated correctly. See Addendum 3 for the rating worksheet and a copy of the application.

Section (3)b:

Issue – Failure to use the correct symbol. RPA014, review sheet R&UNBPPA1530027683. The Company respectfully submits that the policy rated correctly. The symbols were correctly assigned to each vehicle. However, the VIN numbers for the two vehicles are swapped. This is a print issue only. See Addendum 4 for the rating worksheet and a copy of the application.

Section (3)d:

Issue – Failure to use correct base and/or final rates. RPA007, review sheet R&UNBPPA-287985354. The Company respectfully submits that the policy rated correctly. See Addendum 1 for the rating worksheet and a copy of the application.

Automobile Renewal Business Policies

Introduction – Renewal Business Overcharges:

RPA021 - The Company respectfully submits that the policy rated correctly. However, the company cannot locate either a rebuttal or a withdrawal from the Bureau. See Addendum 5 for a copy of our original response for your review.

RPA029 - The Company respectfully submits that the policy rated correctly. See Addendum 6 for the rating worksheet and a copy of the renewal declarations page.

RPA034 – The Company respectfully disagrees that it incorrectly interpreted the CLUE report by charging for the 2/19/2008 at-fault accident. First, the company that reported the incident (Victoria Fire and Casualty) did not indicate whether the accident was at-fault (refer to the blank AFI indicator on the report.) Second, there was a \$281.00 payout under collision (which is an indicator of fault.) Third, Bristol West provides all applicants with the opportunity to both self-report and dispute any incident found on a third party report. In this case, the applicant reported this incident as an at-fault occurrence to his agent. In addition, the applicant did not dispute Bristol West's action based on the data from the CLUE report. See Addendum 16 for a copy of the CLUE report and a screen print of the Company's accident/violation screen showing that the at-fault accident was reported by the applicant.

RPA056 – Per Joy Morton, this policy was mistakenly added to the restitution report. Please refer to the January 20, 2011 email from Joy titled “Bristol West – One Question re: Restitution Worksheet.”

Section (4)a:

Issue – Failure to use correct core discount/surcharge. RPA021, review sheet R&URBPPA781385156. The Company respectfully submits that the policy rated correctly. However, the Company cannot locate either a rebuttal or a withdrawal from the Bureau. See Addendum 5 for a copy of our original response for your review.

Issue – Failure to use correct core discount/surcharge. RPA024, review sheet R&URBPPA-204623026. The Company respectfully submits that the policy rated correctly. However, the Company cannot locate either a rebuttal or a withdrawal from the Bureau. See Addendum 7 for a copy of our original response for your review.

Issue – Failure to use correct rate matrix factor. RPA026, review sheet R&URBPPA-1742041446. The Company respectfully submits that the policy rated correctly. However, the Company cannot locate either a rebuttal or a withdrawal from the Bureau. See Addendum 8 for a copy of our original response for your review.

Issue - Failure to use correct core discount/surcharge. RPA029, review sheet R&URBPPA966281460. The Company respectfully submits that the policy rated correctly. See Addendum 6 for the rating worksheet and a copy of the renewal declarations page.

Issue - Failure to use correct core discount/surcharge & failure to apply correct SR22 surcharge. RPA032, review sheet R&URBPPA2080022782. The Company respectfully submits that the policy rated correctly. However, the Company cannot locate either a rebuttal or a withdrawal from the Bureau. See Addendum 9 for a copy of our original response for your review.

Section (4)b:

Issue – Failure to apply the correct point assignment to driver #2. RPA029, review sheet R&URBPPA 914874267. The Company respectfully submits that the policy rated correctly. See Addendum 6 for the rating worksheet and a copy of the renewal declarations page.

Issue – Company charged an at-fault accident for a UM claim. RPA034, review sheet R&URBPPA1544331799. The Company respectfully disagrees that it incorrectly interpreted the CLUE report by charging for the 2/19/2008 at-fault accident. First, the company that reported the incident (Victoria Fire and Casualty) did not indicate whether the accident was at-fault (refer to the blank AFI indicator on the report.) Second, there was a \$281.00 payout under collision (which is an indicator of fault.) Third, Bristol West provides all applicants with the opportunity to both self-report and dispute any incident found on a third party report. In this case, the applicant reported this incident as an at-fault occurrence to his agent. In addition, the applicant did not dispute Bristol West's action based on the data from the CLUE report. See Addendum 16 for a copy of the CLUE report and a screen print of the Company's accident/violation screen showing that the at-fault accident was reported by the applicant.

Section (4)d:

Issue - Failure to use the correct driver classification factor (did not use NAF accident from MVR.) RPA039, review sheet R&URBPPA-1078364284. The Company respectfully submits that the policy rated correctly. However, the Company cannot locate either a rebuttal or a withdrawal from the Bureau. See Addendum 10 for a copy of our original response for your review.

Termination Review

All Other Cancellations – Automobile Policies

Nonpayment of the Premium

Section (1):

Issue - Incorrectly calculated return premium (undercharge.) TPA035, review sheet TermNPPPA1726784692. The Company respectfully submits that the return premium was calculated correctly. As the examiner noted, the earned premium was \$182 (plus a \$25 non-sufficient funds fee) for a total of \$207. The insured paid \$134.22 and was billed for the remaining \$71.78. This balance was submitted to collections and eventually written-off. See Addendum 11 for a screen shot of the accounting breakdown.

Issue - Incorrectly calculated return premium (undercharge.) TPA050, review sheet TermNPPPA1166747724. The Company respectfully submits that the return premium was calculated correctly. However, the Company cannot locate either a rebuttal or a withdrawal from the Bureau. See Addendum 12 for a copy of our original response for your review.

Sections (3)a & (3)b:

Issue - Failure to mail the nonpay cancellation notice 15 days prior to the cancellation date and Failure to include the "right to review" on a cancellation notice. TPA011, review sheets TermNPPPA-664815881 and TermNPppa-1231361950. The Company respectfully continues to disagree with the Bureau's finding. The notice reviewed was a "courtesy" notice sent in order to inform the insured of the updated earned premium. The transaction under review was an exception process to delete a vehicle post-cancellation. The act of reinstating and cancelling are internal processes in order to delete the vehicle. It is in no way intended to imply that coverage has been reinstated or re-canceled. Rather it is a process to update the earned premium. The original non-pay cancellation notice issued on 12/09/2009 with the proper days notice and the "right to review." Please refer to the Company's original responses to these review sheets.

Termination Review

All Other Cancellations – Automobile Policies

Requested by the Insured

Introduction – Termination Overcharges:

TPA077 – The Company respectfully submits that there was not an overcharge on this policy. We agree that the policy was cancelled pro-rate instead of short-rate. However, there is not an

overcharge because the total premium was \$339 + \$53 (endorsement effective 7/30/2009.) The total term premium is therefore \$392. See Addendum 13 for a cancellation breakdown and screen print showing the endorsement.

PART TWO – CORRECTIVE ACTION PLAN

Rating and Underwriting Review

Sections (1), (2), and (3):

- RPA007
- RPA013
- RPA021
- RPA029
- RPA034
- RPA0056

The Review Sheet advises us to: “The company should reopen this file, contact the insured, determine if the insured rented or borrowed a car and incurred expenses as a result. The company should then reimburse the insured related expenses.” This was done and the amount owed and paid was \$200.00 plus the interest for a net of \$212.00.

Line 12, CPA012 ClaimVehPPA1230446559, on the Claims Tab of the Restitution Worksheet indicates a “Net to Customer: of \$6,860.09. The Review Sheet advises us to: “The company is encouraged to reopen this claim and investigate the validity of this engine claim and to determine the value of the engine at the time of loss. At minimum, the company can rule out this engine claim and this underpayment will be removed.” The claim was reopened and a settlement was made during the exam. We paid the interest when we received the Restitution Worksheet. We paid \$860.09 plus the interest for a net of \$911.70.

Licensing and Appointment Review

The Companies have appointed all non-appointed agents/agencies found in the examination. In addition, the licensing department has implemented the following procedure:

To ensure licensing and appointment compliance, each Coordinator will not grant the producer access to quoting and underwriting systems until the license and active appointments are validated. Each Coordinator conducts a verification of a producer's license and applicable lines of authority with the DOI or the NIPR's Producer Database system prior to accepting contracts and submitting for a producer's appointment with the state. Once verified, the license number, expiration date, lines of authority and appointment information are entered into our internal data base, Agent Commission Exchange (ACE), and the appropriate Company appointments are submitted electronically to our vendor, Sircon, based on the lines of authority selected. The submitted appointments are monitored until the appointments come back processed with an effective date from the DOI. All new agents are appointed prior to the contract execution and prior to the first insurance application submission. We conduct periodic license verification through internal audits and Marketing Manager compliance discussions with the agents which are documented in an internal database.

A 100% audit of all Virginia agents/agencies will be completed before the end of 2011 Q2.

PART THREE – EXAMINERS' NOTES

Re: Market Conduct Examination
Bristol West Insurance Company (NAIC# 19658)
Bristol West Casualty Insurance Company (NAIC# 11034)
Examination Period: January 1, 2009 – December 31, 2009

Dear Ms. Austin:

The Bureau of Insurance (Bureau) has reviewed the Bristol West Insurance Companies' (Companies) February 3, 2011, response to the Preliminary Market Conduct Report (Report). The Bureau has referenced only those items in which the Companies have disagreed with the Bureau's findings, or items that have changed in the Report. This response follows the format of the Report.

The items addressed as the Introduction in your letter have been responded to in the Observations section of this letter. The overcharges and undercharges have been amended to reflect any changes made to the corresponding items in the Report.

Automobile New Business

- (1)a The violations in this subsection have been withdrawn. The total number of violations of § 38.2-305 A of the Code of Virginia (Code) has been changed from 29 to 23.
- (3)a The discount/surcharge violation for RPA013 remains in the Report. The Core Discount factor used by the Company is incorrect. The information provided in Addendum 2 showed the applicable Core discount code as MNYNM1 for all coverages. The file did not include proof of homeownership and as such the core discount should have been MNNNM1 for Bodily Injury (BI), Property Damage (PD), Collision (COLL), and Other Than Collision (OTC) coverages and MNNNM2 for the Uninsured Motorist Bodily Injury (UMBI) coverage.

The discount/surcharge violation for RPA017 remains in the Report. The Company used the core discount factor associated with Market Tier M2 for each of the coverages on the policy. However, the information provided indicates Market Tier M1

as applicable to the COLL and Uninsured Motorist Property Damage (UMPD) coverages and Market Tier M3 as applicable to the UMBI coverage.

- (3)b After further review the violation for RPA014 has been withdrawn. The Company provided additional information to support the symbols used. The Report has been revised to reflect this change.
- (3)d After further review the violation for RPA007 has been withdrawn. The Company provided documentation to support the dispute of the accident on 6/29/07. The Report has been renumbered to reflect this change.

Automobile Renewal Business

- (1)a The violations in this subsection have been withdrawn with the violations in subsection 1c of the Report. The total number of violations of § 38.2-305 A of the Code has been changed from 73 to 50.

- (4)a The violation for RPA021 remains in the Report. The Company used Market Tier M4 for all of the coverages when developing the core discount. However, Market Tier M4 is not applicable to the PD, COLL or UMPD coverages. The underwriting and credit tiers applicable to this insured indicates the applicable Market Tier for the aforementioned coverages as M5.

The violation for RPA024 remains in the Report. The Company used Market Tier M4 for all of the coverages when developing the core discount. However, M4 is applicable to the BI coverage only. The underwriting and credit tiers applicable to this insured indicates the applicable Market Tier for the PD, OTC and UMBI coverages as Market Tier M3 and Market Tier M2 for COLL and UMPD.

The violation for RPA026 remains in the Report. The Company used Market Tier M3 for COLL coverage when developing the core discount. The underwriting and credit tiers applicable to this insured indicate the applicable Market Tier for COLL coverage as M2.

The violation for RPA029 remains in the Report. The Company used Market Tier M4 for all of the coverages when developing the core discount. However, Market Tier M4 is not applicable to the COLL, OTC or UMPD coverages. The underwriting and credit tiers applicable to this insured indicate the applicable Market Tier for the aforementioned coverages as M5.

The violation for RPA032 remains in the Report. The Company used Market Tier M5 for all of the coverages when developing the core discount. However, Market Tier M5 is not applicable to the PD, COLL, OTC, UMBI or UMPD coverages. The underwriting and credit tiers applicable to this insured indicate the applicable Market Tier for these coverages is Market Tier M4. This violation did not result in an overcharge or an undercharge. Further, the SR-22 violation referenced in the Company's response was withdrawn on 08/31/10 and was not referenced in the Report.

- (4)b The violation for RPA029 remains in the Report. The Company has not provided any additional information that would cause the Bureau to reconsider its initial findings. The Company incorrectly determined the point assignment for driver 2 when rating this policy. The driver had a speeding violation (>15MPH above the speed limit) on 04/05/07, an at fault accident on 12/06/07, and a speeding violation (<=15MPH above the speed limit) on 12/16/07. Based upon the filed point assignment rule, the points should be assigned as follows: BI 8 points, PD 7 points, UMBI 4 points, OTC 6 points,

and UMPD and COLL 9 points each. It appears that the Company is evaluating the speeding violations as if they are two occurrences of the same type of speeding violations using the first and second occurrence under the speeding (≤ 15 MPH) to determine the points for each of the coverages.

The violation for RPA034 remains in the Report. The Company charged the insured for an at fault accident that occurred on 02/19/08. However, this accident should have been classified as a not at fault accident. This was an Uninsured Motorist claim which is a not at fault accident. In Virginia, COLL coverage is primary when paying UM claims and the deductible is reimbursed under the UM coverage. If the claim is a UM claim the insured should not be charged with an at fault accident. Because the Companies seem to be handling UM claims incorrectly in Virginia, the Companies should conduct an internal audit of all UM claims reported between July 26, 2008 and July 26, 2010 and advise the Bureau how the claims were evaluated on the subsequent renewal.

- (4)d After further review the violation for the RPA039 has been withdrawn.

Nonpayment of Premium Cancellations

- (1) The violation for TPA035 remains in the Report. The earned premium was \$182.00 and a \$25.00 NSF fee was added resulting in a total premium of \$207.00. The insured paid \$109.22 on 09/09/09 and the accounting information indicates this was the only payment made by the insured prior to the cancellation. The Company has responded that the insured paid \$134.22, but there is no documentation to support this amount. Please see the attached accounting information from the termination file showing \$109.22 as the only amount paid during this policy period.

After further review the violation for TPA050 has been withdrawn.

- (3)a After further review the violation for TPA011 has been withdrawn.

Bristol West Casualty Insurance Company (NAIC #11034)
Examination Period: January 1, 2009 – December 31, 2009

Dear Ms. Morton:

This letter is in response to your letter dated April 13, 2011. As requested, the Companies' comments will appear in the same order as in the Report. If no comment appears for a given section of the report, then the Companies agree with the Bureau's finding.

PART ONE – THE EXAMINERS' OBSERVATIONS

Automobile New Business Policies

Section (3)a:

Issue - Failure to use correct discounts/surcharges. RPA013, review sheet R&UNBPPA1286897418. The Company respectfully submits that the policy rated with the correct core discount. See Addendum 1 for proof of homeownership.

Issue – Failure to use correct discounts/surcharges. RPA017, review sheet R&UNBPPA-2126730267. The Company respectfully submits that the policy rated with the correct core discount factor. One of the elements of the Core Discount Factor is Market Tier. Market Tier is a combination of Underwriting Tier and BI Credit Tier. Therefore, only one Market Tier will be used to select the Core Discount Factor which will then be used across all coverages. It appears that the Bureau is determining Market Tier by using the Credit Tier associated with each coverage, instead of just BI. Thus, the Core Discount factor is varying across coverage and develops a different rate than that calculated by the Company. This issue applies to all policies cited in the Automobile Renewal Business Section (4)a below.

Automobile Renewal Business Policies

Introduction – Renewal Business Overcharges:

Section (4)a:

All of the issues listed below relate to the Market Tier – Core Discount issue addressed in Section (3)a, above. The Company respectfully submits that the policies rated with the correct core discount factor.

Issue – Failure to use correct core discount/surcharge. RPA021, review sheet R&URBPPA781385156.

Issue – Failure to use correct core discount/surcharge. RPA024, review sheet R&URBPPA-204623026.

Issue – Failure to use correct rate matrix factor. RPA026, review sheet R&URBPPA-1742041446.

Issue - Failure to use correct core discount/surcharge. RPA029, review sheet R&URBPPA966281460.

Issue - Failure to use correct core discount/surcharge. RPA032, review sheet R&URBPPA2080022782.

Section (4)b:

Issue – Failure to apply the correct point assignment to driver #2. RPA029, review sheet R&URBPPA 914874267. The Company agrees with the Bureau's finding, and has refunded the overcharge as requested. The reason for our rating discrepancy is that the current filing is missing the following footnote: "SPL and SPH are to be considered together for the purposes of counting points. Example: 1 SPL and 1 SPH results in 5 points."

Issue – Company charged an at-fault accident for a UM claim. RPA034, review sheet R&URBPPA1544331799. The Company respectfully maintains that it properly charged for an at-fault accident at new business because the applicant reported the incident as an at-fault occurrence to his agent. However, the Bureau advised the following in its April 13, 2011 letter: "Because the Companies seem to be handling UM claims incorrectly in Virginia, the Companies should conduct an internal audit of all UM claims reported between July 26, 2008 and July 26, 2010 and advise the Bureau how the claims were evaluated on the subsequent renewal."

The Company verified with its Virginia Claims Department that it does treat collision coverage as primary when paying UM claims and that the deductible is reimbursed under the UM coverage. These claims, along with all others, are evaluated 60 days prior to policy renewal.

During a preliminary audit of this renewal process the Company discovered one recent instance in which a Virginia “faultless” collision feature was added to the renewal offer as an at-fault accident. Given this finding, the Company agrees to conduct a look back of all “faultless” collision features paid in Virginia to ensure that they were not added to renewal offers as at-fault accidents. The look back will consist of UM claims reported from July 26, 2008 through present.

All Other Cancellations – Automobile Policies
Nonpayment of the Premium

Section (1):

Issue - Incorrectly calculated return premium (undercharge.) TPA035, review sheet TermNPPPA1726784692. The Company respectfully submits that the return premium was calculated correctly. As the examiner noted, the earned premium was \$182 (plus a \$25 non-sufficient funds fee) for a total of \$207. Additionally, the examiner correctly noted that the insured paid \$109.22 on September 9, 2009. The insured remitted a second payment for \$112.94 on October 9, 2009 which was reversed for non-sufficient funds. A \$25.00 non-sufficient funds fee was assessed. The policy subsequently cancelled on October 31, 2009. The insured was billed for \$96.78 after cancel (\$71.78 in premium plus the \$25.00 NSF fee.) After one year in collections, the \$71.78 in premium was written-off and the \$25.00 NSF fee was waived. The fee was waived so as not to impact the commissions charged-back to the agent. See Addendum 2 for a copy of the final bill for \$96.78 and a screen shot of the accounting breakdown.

All Other Cancellations – Automobile Policies
Requested by the Insured

Introduction – Termination Overcharges:

TPA077 – The Company respectfully submits that there was not an overcharge on this policy. We agree that the policy was cancelled pro-rate instead of short-rate. However, there is not an overcharge because the total premium was \$339 + \$53 (endorsement effective 7/30/2009.) The total term premium is therefore \$392. See Addendum 3 for the requested endorsement declarations page.

PART TWO – CORRECTIVE ACTION PLAN

Rating and Underwriting Review

Sections (1), (2), and (3):

See Addendum 14 for the restitution worksheet. As noted in Part One above, refunds on the following policies have not been processed because the company submits that it correctly calculated the rates.

RPA021 – Further discussion regarding the Bureau’s method of calculating the Core Discount Factor may be necessary.

RPA029 – Further discussion regarding the Bureau’s method of calculating the Core Discount Factor may be necessary.

RPA034 – The insured self-reported the at-fault accident in question.

Sections (4)-(6):

The Company submitted its filing on April 21, 2011.

Section (7):

As noted in the Examiners’ Observations section above, the Company has agreed to conduct a look back of all “faultless” collision features paid in Virginia to ensure that they were not added to renewal offers as an at-fault accident. The look back will consist of UM claims reported from July 26, 2008 through present. This project is estimated to take two (2) months from the date of this letter. If completed sooner, the results will be promptly submitted to the Bureau.

Termination Review

Sections (4), (6), (10), and (11):

Revised training procedures will be distributed to the policy services department on May 9, 2011.

Forms Review

The Company will be using the standard Towing and labor Costs Coverage form PP 13 55 06 00, and understands that it is not necessary to file with the Bureau.

Review of Policy Issuance Process

The Company will be using the standard Towing and labor Costs Coverage form PP 13 55 06 00, and understands that it is not necessary to file with the Bureau.

Loss Payable Clause will not be incorporated into Part D. The Company will use the standard form.

PP 03 27 06 00 will properly print on the declarations pages for Bristol West Insurance Company for renewal offers issuing on and after May 31, 2011.

Should you have any questions about the remediation plan or enclosures, please contact me at (216)-446-4501 or by email at: christina.austin@farmersinsurance.com.

Re: Market Conduct Examination
Bristol West Insurance Company (NAIC# 19658)
Bristol West Casualty Insurance Company (NAIC# 11034)
Examination Period: January 1, 2009 – December 31, 2009

Dear Ms. Austin:

The Bureau of Insurance (Bureau) has reviewed the Bristol West Insurance Companies' (Companies) May 6, 2011, response to the Preliminary Market Conduct Report (Report). The Bureau has referenced only those items in which the Companies have disagreed with the Bureau's findings, or items that have changed in the Report. This response follows the format of the Report.

PART ONE – THE EXAMINERS' OBSERVATIONS

Automobile New Business

- (3) a. After further review the violation for RPA013 for applying a Homeowner Discount without evidence of homeownership has been withdrawn. However, a revised review sheet was generated for the Core Discount as including the homeownership discount caused the calculations to result in an overcharge. Please make restitution to the insured in accordance with the revised worksheet enclosed.

The violation for RPA017 remains in the Report. The companies do not have a rule on file with the Bureau that states that the Credit Tier associated with the BI coverage will be used for all coverages. The companies should review the rules currently on file with the Bureau and make the revisions necessary to reflect the companies' current practices.

Automobile Renewal Business

- (4) a. The violations cited in this section of the Report remain in the Report. The companies do not have a rule on file with the Bureau that states that the Credit Tier associated with the BI coverage will be used for all coverages. The companies should review the rules currently on file with the Bureau and make the revisions necessary to reflect the companies' current practices.
- (4) b. The violation for RPA029 remains in the Report. By the companies' own admission the filed manual pages did not include the footnote changing the method of counting points; as such, the rule was not available for the companies use in Virginia.

The violation for RPA034 remains in the Report. The CLUE report provided by the company as documentation for the examination showed the violation in question as an uninsured motorist claim. The company had the information necessary to properly rate the policy and did not make the corrections when this information was received.

The companies must provide evidence of the audit of UM claims reported from July 26, 2008 through May 6, 2011. This information should be included in the companies' response to this letter. The information should include evidence of any restitution made to insureds as a result of improperly renewing policies with UM claims as at fault accidents.

TERMINATIONS

Nonpayment of Premium

After further review the violation for TPA035 has been withdrawn.

Insured Requested

The violation for TPA077 remains in the Report. Based upon the endorsement and the revised calculations the net overcharge has been amended to reflect an undercharge of \$21.00.

Forms

After further review the violations under this section have been withdrawn. However, these violations have been rewritten under § 38.2-2220 of the Code of Virginia.

PART TWO – CORRECTIVE ACTION PLAN

Rating and Underwriting

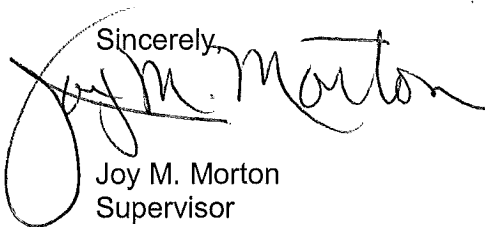

- (1) The Restitution spreadsheet has been amended to reflect the overcharge for RPA013.

- (4) We have checked with the Rates and Forms section here at the Bureau and are unable to find evidence of a filing submitted by the Bristol West Companies. Please advise the BOI filing reference number and the final disposition of this filing.

- (7) The companies' response to this letter should include results of the internal audit and all evidence of the restitution made as a result of the audit. The companies should include in its spreadsheet the insured's name, the amount of the restitution, the check number, and the date the check was issued.

Enclosed with this letter is a revised version of the Report, technical reports, the Restitution spreadsheet and any review sheets withdrawn, added or altered as a result of this review. The companies' response to this letter is due in the Bureau's office by July 14, 2011.

Examination Period: January 1, 2009 – December 31, 2009

Dear Ms. Morton:

This letter is in response to your letter dated June 28, 2011. As requested, the Companies' comments will appear in the same order as in the Report. If no comment appears for a given section of the report, then the Companies agree with the Bureau's finding and have no additional comments.

PART ONE – THE EXAMINERS' OBSERVATIONS

Automobile New Business Policies

Section (3)a:

Issue - Failure to use correct discounts/surcharges. RPA013, review sheet R&UNBPPA1286897418. The Company did not have a rule filed with the Bureau stating that the Credit Tier associated with the BI coverage is used for all coverages in order to calculate the Core Discount. Therefore, at the Bureau's request, the Company has made restitution on RPA013. See Addendum 1 for the updated restitution worksheet.

Automobile Renewal Business Policies

Section (4)a:

The Company agrees with the Bureau's finding for the same reason stated above for RPA013. It has made restitution on RPA021, as requested.

Section (4)b:

Issue – Company charged an at-fault accident for a UM claim. RPA034, review sheet R&URBPPA1544331799. The Company respectfully maintains that it properly charged for an at-fault accident at new business because the applicant reported the incident as an at-fault occurrence to his agent. However, the Bureau advised the following in its April 13, 2011 letter: “Because the Companies seem to be handling UM claims incorrectly in Virginia, the Companies should conduct an internal audit of all UM claims reported between July 26, 2008 and July 26, 2010 and advise the Bureau how the claims were evaluated on the subsequent renewal.”

The Company verified with its Virginia Claims Department that it does treat collision coverage as primary when paying UM claims and that the deductible is reimbursed under the UM coverage, and agreed to conduct a look back to ensure that fault-free UM claims were not being added as at-fault accidents on subsequent renewals. The following is an account of our methodology and results:

Look Back Period: July 1, 2008 – June 1, 2011

Number of Claims in Look Back Period: 9,201

Number of Claims with UM and/or UMPD Feature in Look Back Period: 1,088

Number of UM/UMPD Claims with Payout >\$0: 685

The Company queried the policies associated with the 685 UM/UMPD claims and found 172 that had at least one at-fault accident. Of those 172, there were 17 policies with an at-fault accident date that matched (within a day or two) of the UM/UMPD claim date of loss.

The Company manually reviewed each of the 17 policies and 17 claims to determine if the at-fault accident had been added improperly. Our conclusion is that eight policies are entitled to a refund. The analysis and list of policies which will receive refunds appears in Addendum 2.

The root cause of this issue is the Company’s practice of ordering MVRs at renewal and automatically adding any accident found as an at-fault occurrence. We have initiated a project to exclude accidents from the MVR renewal reconciliation process and anticipate completion to be within the third quarter of 2011. Until the project is complete, we will continue to do regular look backs to remove at-fault accidents where the source is an MVR.

We are actively working on processing refunds on the eight policies and will forward the Bureau the results as soon as they are completed.

PART TWO – CORRECTIVE ACTION PLAN

Rating and Underwriting Review

Section (4):

The SERFF tracking number is BRWS-127131827. The disposition is still pending state action. See Addendum 3 for the Objection Letters and the Company's responses.

Section (7):

As noted in the Examiners' Observations section above, the Company conducted a look back of all UM/UMPD features paid in Virginia to ensure that they were not added to renewal offers as at-fault accidents.

Due to the complexity of processing refunds on policies that are expired, canceled, and endorsed, we were unable to complete this restitution by July 14, 2011. We are actively working on the project and anticipate completion within the next two weeks. We will forward the complete results at that time.

Should you have any questions about the remediation plan or enclosures, please contact me at (216)-446-4501 or by email at: christina.austin@farmersinsurance.com.

Dear Ms. Austin:

The Bureau of Insurance (Bureau) has concluded its review of the companies' response of July 13, 2011. Based upon the Bureau's review of the companies' letter, we are now in a position to conclude this examination. Enclosed are the Final Market Conduct Examination Report of Bristol West Insurance Company and Bristol West Casualty Insurance Company (Report) and corresponding technical reports.

Violations of the laws mentioned above provide for monetary penalties of up to \$5,000 for each violation as well as suspension or revocation of an insurer's license to engage in the insurance business in Virginia.

In light of the above, the Bureau will be in further communication with you shortly regarding the appropriate disposition of this matter.

Sincerely,

The Defendants have been advised of their right to a hearing in this matter, whereupon the Defendants, without admitting any violation of Virginia law, have made an offer of settlement to the Commission wherein the Defendants have tendered to the Commonwealth of Virginia the sum of Seventy-five Thousand Four Hundred Dollars (\$75,400), waived their right to a hearing, agreed to comply with the Corrective Action Plan set forth in their letter to the Bureau of Insurance dated July 13, 2011, and confirmed that restitution was made in accordance with its letter to the Bureau dated July 13, 2011.

The Bureau of Insurance has recommended that the Commission accept the offer of settlement of the Defendants pursuant to the authority granted the Commission in § 12.1-15 of the Code of Virginia.

NOW THE COMMISSION, having considered the record herein, the offer of settlement of the Defendants, and the recommendation of the Bureau of Insurance, is of the opinion that the Defendants' offer should be accepted.

Accordingly, IT IS ORDERED THAT:

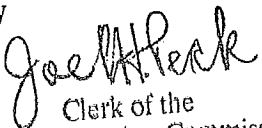

(1) The offer of the Defendants in settlement of the matter set forth herein be, and it is hereby, accepted; and
